MORE JAPS COMING; TO BE TURNED BACK

Anti-Asiatic Element Will Not Allow Immigrant Ships to Land Japs and Trouble is Imminent

APPEAL MADE TO DOMINION GOVERNMENT

Ottawa, Sept. 12.—Advices from Vancouver, the scene of the recent riots, states that the mayor of Vancouver has warned the captain of the steamer Monteagle, which has on board 114 Japanese, 149 Chinese and 941 Hindus, destined for this port, that he would be unable to guarantee a safe landing here because the unionists have expressed their determination to resist the immigration of any more Asiatic laborers.

The steamship authorities feared to assume the risk and the vessel has been turned back to Victoria, where the Asiatics will be landed.

Vancouver is reported as being comparatively quiet, but an outrage by two Chinamen yesterday has again inflamed the people.

Outrage Stirs Up a Mob.

The Mongolians, while passing along one of the main streets, saw a white baby sitting on a door step. They snatched it up and threw it into the middle of the street, which was busy with traffic. It fell among the horses feet and narrowly escaped death. Beyond being bruised it was not much the worse.

An angry crowd started in pursuit. The Chinese had a good start and escaped. The fact that no arrests have been made has not tended to allay the temper of the people.

The city council has passed a by-law prohibiting a wrestling match which was to have taken place tonight between a white man and a Japanese. The entire Japanese colony had bought tickets for the encounter and trouble was threatened.

Will Send Asiatics to Ottawa.

With a subscription list started yesterday headed by Mayor Bethune, with a purse of $100 and which up to last night had grown to $1,500, Vancouver citizens will charter a train and place at least 800 Hindus, who arrived on the steamer Monteagle, and will ship the East Indians bag and baggage to Ottawa, the seat of the federal government. This is the plan evolved and which is to be carried into effect today, providing the necessary amount of money can be raised.

A BAD HEART DROVE LOVER TO END LIFE

Mystery of Man's Death on Eve of Marriage is Solved.

Bloomfield, Ind., Sept. 12.—The mystery surrounding the death of Homer Casey, whose lifeless body was found in his buggy in his barn near here yesterday, has been cleared by the finding in his pocket of a note in which he said that a pain he had at his heart was costing him his reason and that he would rather die than suffer it again.

Casey was to have married Miss Anna Stone last night. It was at first believed that he had been murdered, but the finding of the note indicates suicide. Casey had been a traveling salesman for a Chicago tailoring house.

SEVEN HAVE QUALIFIED FOR PLACES IN POSTOFFICE

New List of Eligibles for Postal Appointments in Fort Wayne.

As a result of the May civil service examinations held in this city, Postmaster Hanna has been furnished with a list of seven young men who made grades qualifying them to appointment in the local postoffices as rapidly as vacancies occur.

Four of them are carriers and three as clerks. The new list of eligibles, with the grades made in the examinations, is as follows:

Carriers—Percy S. Walker, 827 Madison street, 78.25; George P. Fruechtenicht, 708 Walton avenue, 74.60; Fred G. Gallmeier, 1119 Maumee avenue, 74.40; Alfred T. Brown, 1415 Stophlet street, 71.95.

Clerks—William H. Towns, Etna Green, 87.75; Charles J. Helmer, Avilla, 82.30; Charles S. Miner, Columbia City, 70.20.

All the previous eligible lists at the Fort Wayne office have been exhausted by appointments either to the regular or the substitute forces.

SOCIETY THANKS THE COUNCIL.

Fort Wayne Physicians Pass Resolutions on Milk Law.

Resolutions adopted by the Fort Wayne Medical society thanking the city officials for passing the milk ordinance have been presented and the doctors over the city express themselves as highly elated over the action of the council and mayor for providing against the ills of the infants.

As exclusively announced in The Sentinel several weeks ago, Dr. George Gillie is the choice of the board of health for the position of inspector and it will be offered to him. He has had offers of the same character from the city of Columbus, O., where he has been located for some time.

The interior of the Hamilton National bank is to be considerably remodeled to permit the installation of an additional teller's cage, made necessary in order to handle the business of the bank.

JURY SAYS EDWARD W. VANDERIBLT IS WEAK

Husband of Spirit Medium to Whom He Gave Riches Held Incompetent.

New York, Sept. 12.—Edward W. Vanderbilt, the aged retired merchant of Brooklyn, who married May S. Pepper, the spiritualist medium, is incapable of managing his affairs because of lunacy, according to a verdict returned by a sheriff's jury in Brooklyn today.

The proceedings to have Mr. Vanderbilt declared incompetent were brought by his daughter, Miss Minerva Vanderbilt, after Mr. Vanderbilt had married Mrs. Pepper several months ago, and had given to her a large portion of the real estate which he owned in Brooklyn, including the house in which they lived. A brother and sister of Mr. Vanderbilt subsequently joined her in the appeal to the courts. The hearing was held before a jury and a commission consisting of a physician, a lawyer and a banker. Much testimony was offered to show that Mr. Vanderbilt had been imposed upon by so-called spirit communications through Mrs. Pepper-Vanderbilt.

Mrs. Pepper-Vanderbilt was put on the witness stand and questioned at great length as to her ability to communicate with the spirits. The jury retired at 3 p. m. yesterday and was in session all night. The final vote was twelve for incompetency against three for competency. This is sufficient to constitute a verdict.

MEMBERSHIP NOW ABOVE THE THOUSAND MARK

Bruederliche Unterstuetzungs Verein Nearly Twenty Years Old

Reports to be submitted to the regular meeting of the Bruederliche Unterstuetzung verein at its regular meeting to be held in Harmony hall Sunday evening will disclose the fact that the society has passed the 1,000 mark in membership—an accomplishment very close to the estimate made when the society was organized twenty years ago.

The organization is a mutual association of German residents of Fort Wayne, organized for fraternal purposes and it pays a benefit of $500 upon the death of each member. It will be twenty years next February since the society was formed, and its founders hoped that in twenty years it might have a membership of 1,000.

The present membership is 1,002 and the society is in excellent condition. During the twenty years of its existence but ninety of the members have died.

MAY ASK FOR PAY.

Citizen Deputies Will Probably Present Accounts.

Several of the business men sworn in as deputy sheriffs and forced to be on duty during the trouble at the Bass foundry, will probably present to the county commissioners bills for their services at the rate of $2 a day. This will run the total up to about $2,000. The matter has not been brought before the board officially, although the members have been told of the probability of the claims being filed.

MEN OF AFFAIRS IN FORT WAYNE

MR. THEODORE G. SEEMEYER.

Here, you dressy dresser, and here, all you who walk,
Is a picture of some doings that have caused a heap of talk.
'Tis Teddy and his shoe mill—their beat you will not find;
And there's joy in getting to 'em—they're the home-made kind.

A GREAT NORTHERN TRAIN HELD UP BY BANDITS

Two Men Do the Trick and Rob Mail Car of Its Registered Mail.

St. Paul, Minn., Sept. 12.—General Manager Elliott, of the Great Northern Express company announced to the Associated Press today that the Great Northern Oriental limited train No. 1, which left St. Paul Tuesday morning, was held up by two masked men, six or seven miles west of Rexford, Mont., early today. The robbers crawled over the tender at this place and at the point of their guns commanded the engineer to stop the train. They then ordered the engineer to go back with them to the express car and instructed him to tell the express messenger, mail clerk and baggageman to go back into the coaches.

While this was being done, the robbers kept up a continual fusilade with their guns to terrify the passengers and kept them within the coaches. After the messenger, baggageman and mail clerk had left their cars, the robbers went through the mail cars and robbed the sacks of a large quantity of registered mail. Then they went into an express car which carried an overflow of mail, baggage and express and which contained a regular through safe. After exploding three charges the safe was opened and found to be empty. The robbers did not enter the regular express car in which the messenger had been riding.

On finding the safe empty the highwaymen helped themselves to the registered mail and after firing a parting volley disappeared.

In view of the fact that the Great Northern Express company did not suffer any loss the Great Northern Railway company has telegraphed the following offer of a reward to all points in the west along its line:

"The Great Northern Railway company will pay $5,000 for the arrest and conviction of each of the persons engaged in the hold-up of its train near Rexford, Mont., on the morning of Sept. 12, 1907.

(Signed) "F. E. WARD,
"General Manager."

This means a reward of $10,000 for those who arrest and secure a conviction of the robbers. They are described as being about 30 years of age, one about 5 feet 11 inches tall and the other considerably shorter. They wore black clothes and black soft hats.

Rev. S. Wagenhals, pastor of Trinity English Lutheran church, has returned from Ebensburg, Pa. The decoration of the audience chamber of the church is not yet completed, but a morning service will be held Sunday at 11 a. m., in the Sunday school room. Sunday school and Luther League at the usual hours.

CHARLES G. BURTON NEW CHIEF OF G. A. R.

Missouri Man Choosen Commander at the Saratoga Encampment.

Saratoga, N. Y., Sept. 12.—Charles G. Burton, of Nevada, Mo., was this afternoon elected commander-in-chief of the Grand Army of the Republic.

The first business session of the 41st annual encampment of the Grand Army of the Republic took place today. The early hours of the session were devoted to the annual address and reports of Robert B. Brown, commander-in-chief; Jos. W. O'Neal, adjutant general; Wm. H. Armstrong, senior vice commander-in-chief; Dr. W. H. Johnson, surgeon general; Warren Lee Goss, patriot instructor, and other officers.

steps be taken to place military instruction in the curriculum of the public schools.

Mr. Johnson recommended the establishment by the government of hospitals for insane veterans.

MR. COTTON WILL FIND LITTLE VARIATION IN THE COUNT

Declines to Discuss Fort Wayne Enumeration Investigation.

Indianapolis, Sept. 12.—Fassett A. Cotton, state superintendent of public instruction, has received from Fort Wayne a report containing a preliminary re-enumeration of the children of school age there. This re-enumeration was made under Mr. Cotton's direction. He will not discuss the report, but a dispatch from there states that this second enumeration corresponds very closely to the first, made under the direction of the local school authorities when the total given was 16,635.

Superintendent Study, of the Fort Wayne schools, this afternoon stated to The Sentinel that he could say nothing regarding the result of the investigation in Fort Wayne beyond the fact that the report was in the hands of the state superintendent.

It will devolve upon that official to make public his findings in the matter when he may think it proper to do so.

John Pauley, of the New Aveline, has returned from Rensselaer, where he accompanied his son, Maurice Pauley, on his return to college.

ROYAL YACHT GOES ON ROCKS OFF FINLAND

Czar, Czarina and Family Were Aboard—All Are Safely Removed.

St. Petersburg, Sept. 12.—No official announcement had been made here up to 1:30 o'clock this afternoon regarding the grounding of the imperial yacht Standart, off Horsoe, near Hango, Finland, yesterday afternoon. The news has been withheld even from the embassies, no hint of the accident has been allowed to reach the public and the newspapers have been forbidden to publish a word on the subject under pain of heavy fines and imprisonment as provided for by the recent drastic order prohibiting the publication of unofficial news regarding the imperial family.

The Associated Press, however, learns that the grounding of the yacht, on board of which were Emperor Nicholas and Empress Alexandra and their family, produced a depressing effect upon Captain Stagin, the commander of the vessel. The Standart lies in a most unfavorable position upon some rocks which are submerged at high tide, but exemplary order was maintained on board, and news of the disaster being telegraphed to the naval authorities several warships and a salvage steamer were hurried to Horsoe. At 10 o'clock last night the imperial party left the Standart and were taken on board the despatch boat Asia, while urgent orders were telegraphed to St. Petersburg to have the imperial yacht Alexandra sent to Horsoe where she is expected in the course of the day.

CROP YIELD IS LIGHT.

Oats Threshing Is Developing But Half a Crop.

Charles McCulloch, who is a close observer of crop conditions throughout the county, said today that the work of oats threshing is developing a yield of but 20 to 25 bushels per acre instead of 45 as is ordinary in this section, while the wheat is lacking about one-third of being a normal crop.

Mr. McCulloch believes that if good weather continues during the remainder of the month, there will be a fair yield of corn on the higher land where drainage is best. On the low land, however, particularly in the eastern part of the county, he says the corn outlook is very poor.

NEW FOUNTAIN HERE.

Will Be Installed at Artesian Well at Court House.

The new fountain purchased by the county commissioners some time ago for the artesian well at the north end of the court house, arrived this afternoon, and the work of installing it has already begun.

The fountain is a handsome one of massive design more than twelve feet in height, and will be surrounded by electric lights. Its cost was about $400.

Mrs. Johannes, of Montague, Ohio, is in the city the guest of Dr. and Mrs. H. G. Merz. Mrs. Johannes accompanied her son to Concordia college in this city.

A GENERAL ASSAULT ON THE MOORISH FORCES

With His Combined Troops General Drude Inflicts Great Slaughter.

Casablanca, Wednesday, Sept. 11.—The allied Franco-Spanish army today made a sudden and successful move on the Taddert, where the Moors were massed in force. The camp of the latter was destroyed by bombardment and the enemy was put to flight, leaving many dead on the field. The French lost one man killed and six men wounded.

GENERAL DRUDE REPORTS.

Paris, Sept. 12.—War Minister Picquart today received the following dispatch from General Drude, commander of the French troops at Casablanca:

"I am pleased to notify you that, thanks to a land force, we have been able to surprise the Moroccan camp at Tedert, which was burned. The Moors were dispersed and fled to the hills, followed by the shells of our artillery and effective projectiles from the Gloire. On our side one man was killed and six wounded."

ORDER CAUSES HUSBAND TO PURCHASE VIAL OF POISON

Deputy Sheriff Hughes is on Time to Prevent Its Use—Courts.

A short time after Ignatius Blust had had served upon him by Deputy Sheriff Harvey Hughes, a restraining order secured by his wife in a suit for a limited separation he went to a drug store on Broadway this morning and bought a dime's worth of carbolic acid but before he left the store the deputy arrived and the acid was taken from him.

He threatened at the time the paper was served that he would take his life and the deputy watched him and probably saved him from self destruction. After the acid had been taken away Blust started for his home at 1121 Broadway and the deputy sheriff told him he would have to stay away but when he said he only wanted his clothes he was allowed to enter the house.

Inside he became abusive to his wife and when the officer attempted to quiet him he defied him and was at last placed under arrest and taken to jail where he will be held until tomorrow morning.

The Blusis have been married nearly thirty years and have eight children of whom four are minors. She charges him with abuse and habitual drunkenness.

Want Children Transported.

John Emrick, Edward E. Deboit, Clyde L. Miller and George G. Gump instituted mandamus proceedings in the circuit court today asking that G. Ellis Dunten, trustee of Perry township, be compelled to furnish transportation to and from school for their children who have to travel more than the statutory mile for their education. The school district was changed after one of the schools had been closed and the families represented in the action were assigned to another district and they dispute the right of the trustee to do this. Aiken and Underwood appeared for the complainants and County Attorney Hoffman for the trustee.

Potts Gets a Verdict.

Leland Potts, a lad who brought a suit through his father for $1,000 damages against Joseph L. Pevert, was given a verdict yesterday for $200 by a circuit court jury. The boy stated that he had a difficulty with Pevert's son and that the father struck him with a strap, inflicting injuries that put him in bed and necessitated the aid of a physician.

Case Was Continued.

Part of the evidence in the case against George Hamilton, charged with assault and battery with intent to kill upon Henry Warfield, was heard in the circuit court this morning and a continuance was taken until tomorrow morning. The two had a fight in a Chicago street crap game.

Worden Arrested Again.

Fred "Whitey" Worden, after his release from the city court this morning was picked up by Patrolman Junk and Detective Soliday for loitering. He gave bond.

BEGGING MONEY TO DRINK UP.

Alonzo Abbott is Placed Under Arrest for Drunkenness.

Alonzo Abbott, a negro, was placed under arrest today by Patrolman Paul on the charge of drunkenness. It is said by the officer that he was begging money from colored people which he said was to be used in the defense of Henry Warfield and that he was spending the contributions, which amounted to about $1 for drinks.

SCHOOL BONDS HERE.

The $75,000 issue of school bonds recently voted by the city school board has arrived in the city for the signatures of the president and secretary of the school board, which will be attached under the direction of the First National bank. The bonds were recently sold to a Cincinnati bond house.

WORK ENDS; BAPTIST CONVENTION HAS ADJOURNED

Missions Was Theme of Final Session of District Body.

With its final session given over to the consideration of missionary interests, the convention of the Fort Wayne District Baptist association came to a close at noon today. The place for holding the next annual convention was left to be decided later by the program committee.

Just prior to adjournment the newly-elected moderator, Rev. J. P. Vichert, of this city, urged upon the delegates to attend the state convention at Indianapolis in October, and declared his purpose to seek at the hands of the state body more extensive missionary work in the territory of the Fort Wayne district than has been given in recent years. Mr. Vichert also said that he was planning to pay a visit to each church in the district, particularly those which were now without pastors, and that he desired to lend every assistance possible in strengthening the church in this territory.

Many of the delegates found it necessary to leave on early trains for their homes. Those who remained were this afternoon the guests of the Fort Wayne church in an excursion to Robison park.

Work of Final Session.

Miss Anna Philley, of this city, conducted the devotional services at the opening of the session today, and it was one of the most helpful of the entire convention. Following the transaction of some routine matters, Dr. E. W. Lounsberry, of Chicago, district secretary of foreign mission work, was announced. Dr. Lounsberry had not thought it possible for him to be present at the Fort Wayne convention, but a change in his arrangements enabled him to reach the city and talk briefly. His coming was a surprise that was highly gratifying to the delegates, and for twenty minutes or more Dr. Lounsberry talked of the progress of mission work. He is one of the best known of Baptist churchmen, and his address here was given the closest attention.

Figures from the various churches in the district show a net gain in membership of seventy-five during the past year.

Urged Mission Work.

The sermon of the morning session was delivered by Rev. Arthur Tipton, assistant pastor of the Fort Wayne church. His theme was missionary work, and the young clergyman made a powerful plea for a more militant mission spirit in the church.

"As the father hath sent me, so I send you, and even as you go—preach," was the text chosen, and Rev. Mr. Tipton dwelt strongly upon the duty of the present-day church in missionary work. "The heathen cannot be saved by our wishing them well," said he. "Christ sent his church into the world to be the light of the world. Let your light shine. The heathen world today is like unto a house afire—the people therein having no way of escape save through the church. The church today, and the individual Christians in it stand responsible for those imperiled souls because they have been commissioned to preach Christ's gospel. The church which neglects its duty cannot long survive—it will die of spiritual dryrot. That is why many churches are not successful. If the love of Christ is in our hearts, you and I will want to share it with others. The method of the missionary church today in spreading the gospel is identical with the method Christ used when he was on earth. The mission of the church is identical with the mission of Christ, in that it is a victorious mission. 'The world for Christ' is the slogan cry, and the world is rapidly becoming Christ's."

Appearance and Reality.

In his doctrinal sermon Wednesday evening, Rev. Routledge, of Huntington, took for his text: "Ye Must Be Born Again," and talked along the general theme of "Regeneration," emphasizing the distinction between appearance and reality in the religious life.

"There may be appearance without reality," said Rev. Routledge, "but there can never be reality without some sort of appearance. The vital reality which must underlie the Christian's profession and seeming righteousness, originates in the new birth. In definition of the new birth a number of New Testament texts are advanced in which the occurrence is set forth under various figures. It is essentially the beginning of a new life which leads to righteousness in conduct and holiness of character. The Holy Spirit is the efficient agent in bringing it to pass, and is not restricted in his activity to special times and seasons. What are the tests of the new birth? Obedience to the divine will, love, purity in thought, the indwelling of the spirit of Christ. These according to the New Testament are evidences that the new birth has occurred. So far as the individual himself is concerned, the experience is so powerful and far-reaching in its effects that he can never doubt its reality."

The speaker pointed out that insistence upon regeneration as a pre-requisite to church membership had always been a cardinal Baptist principle. He concluded with an eloquent exhortation to fidelity to the principle not simply in theory, but also in practice, living the kind of life which would demonstrate the reality of the new birth.

Board of Benificence.

During the session Wednesday five members of the board of systematic benificence were chosen as follows: State missions, H. A. Philley; home

(Phone Your News to Garret Bell Phone No. 199, W.)

The Kilties, of Belleville, Canada, arrived in the city over the Lake Shore this morning from Fort Wayne, where they have showed for three days this week at Robison park. They travel in their own private car and it is a model of beauty, both inside and outside. They are under the personal direction of Manager Powers, who has charge of the commercial affairs of the organization. Prof. Alfred C. Cook, the musical director, does the directing of the program. This organization enjoys the distinction of being able to entertain the members of the royal family of England. They have appeared twice before King Edward, VII., of England, by request. As we mentioned yesterday, they have just returned from a successful tour through Old Mexico. They are playing to crowded houses all over the country. A large audience should see the Kilties this afternoon and night at the Athletic park. They come here under the auspices of the Second Regiment band. A large crowd will certainly be appreciated by the band boys. Come out and help them along.

Chas. Thomas, of Omaha, Neb., is here for a few days visit. Mr. Thomas, who was formerly a DeKalb county boy, is now a progressive business man of the gateway to the west.

Mrs. Will Metcalf and son, Harry, left yesterday for Seneca Falls, N. Y., to visit with relatives. They were accompanied by Mrs. Metcalf's father, L. G. Duestter, of Waterloo. They expect to stop at Toledo on their way home.

Carl McGrew, of Angola, was operated upon for appendicitis at the Lutheran hospital. Tuesday.

Mrs. J. C. Blickenstaff returned to her home in North Manchester yesterday after a very pleasant visit with her daughter, Mrs. J. Howard Wagner.

The Maccabees, through their entertaining committee, have arranged for a dime social at the home of Mrs. Falke, in East Auburn, to occur next Tuesday.

This is Old Settlers day and everybody is enjoying themselves and a delightful time is being looked forward to.

The address by Mrs. Trego at the Baptist church last night was largely attended. Mrs. Trego is an excellent and forceful speaker and no one should miss hearing her. Tonight she is at the M. E. church.

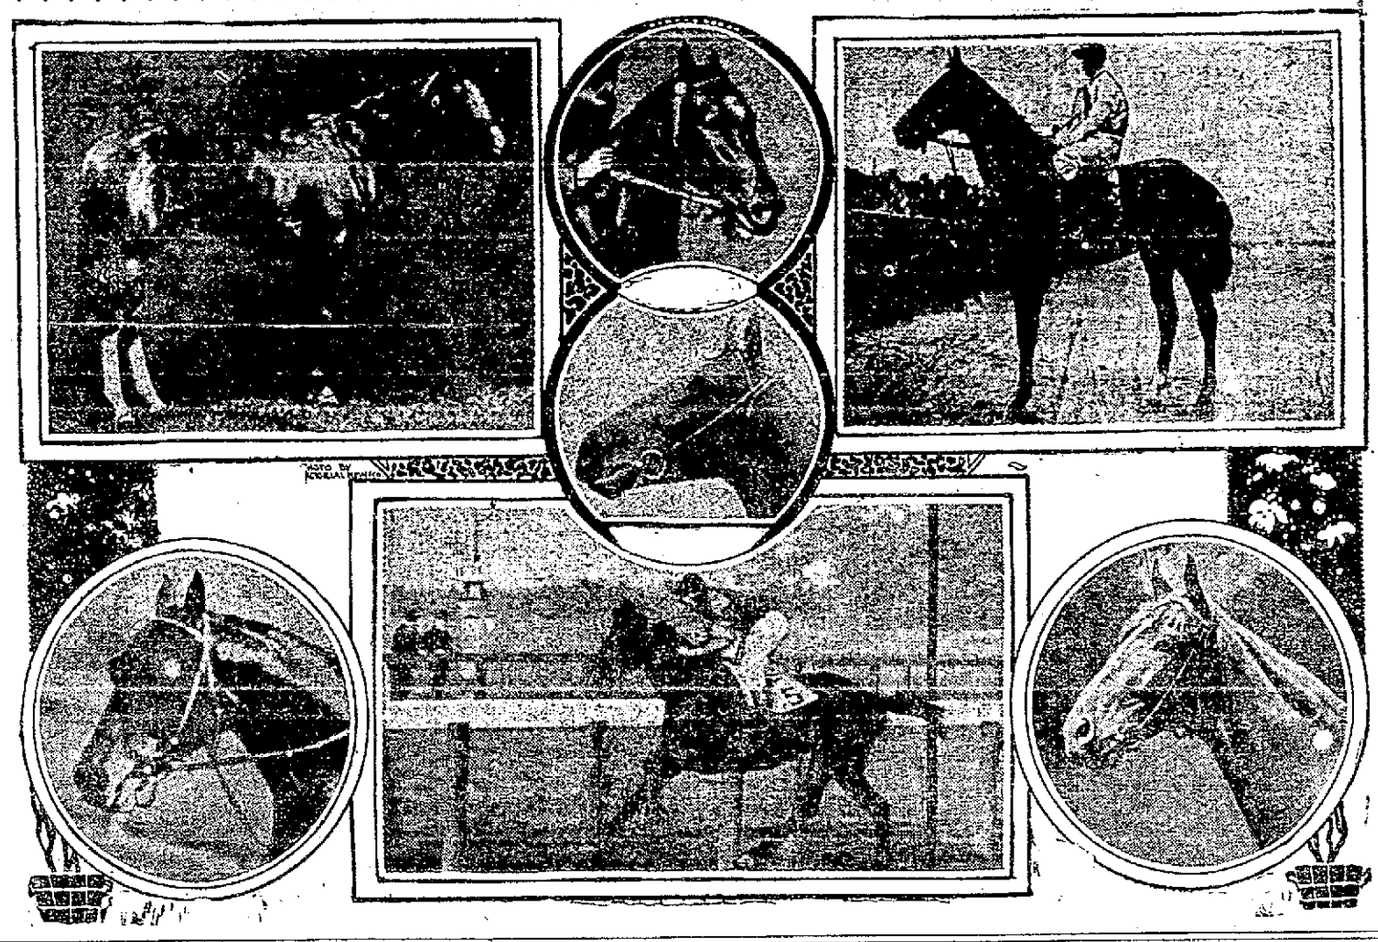
SOME OF THE RUNNERS ENTERED AT THE GREAT FORT WAYNE FAIR



FORTY RACE HORSES TO COME FOR PURSES AT FAIR

Nice Lot Secured by Secretary at the Grand Rapids Meeting.

Forty head of race horses, the best selection from the grounds at the Grand Rapids fair, will be shipped to Fort Wayne Sunday to be entered in the running races here next week and the bunch is composed of as good a class as any fair in the country can boast of this season. There are a number of good ones that will start in the Derby, which is creating a lot of interest. In addition there are a few steeplechasers that will be on the card.

Speed Superintendent P. T. Strieder returned last night from a two days' hunt for harness horses and among those he secured are the stables of Harry Jones, of Michigan, with five head; Isaac Newman, of Montpelier, three; Rhude H. Brown, of Kokomo, two, and Crouch & Sons, of Lafayette, five. Simon Pincher has entered Monte Wilkes in the 2:19 pace.

Igorrotes Are in City.

A curious and primitive little village was erected on the driving park today and it will be occupied fair week by representatives of the most savage people of the Philippine islands, ten of whom arrived last night and were conveyed to the grounds this morning. The Igorrotes are here and another lot will come in as soon as the state fair at Indianapolis closes.

Interest will in all probability center in Columbus Olentangy Taye Pamaeda, who will be a week old the day the fair opens and who is the only one of the tribe ever born in the United States. The little fellow was born in Olentangy park at Columbus, Ohio, hence his name, and came to this world under the same conditions he would have arrived on his mother's native heath, as there was no physician, no nurse, no nothing but the hut and the women of the tribe. As the people are here under the guarantee of the government for their safety, she was forced, much against her will, to enter a hospital for a few days. Her name is Langai, but the birth of the babe gives to her a husband in the person of Pamaeda, who is twenty years old, while the girl wife is only eighteen.

This pair has been mated more than a year, but there was no marriage obligation, according to Igorrote custom, until the first child was born, when they become man and wife. Langai will be able to travel in a short time and will probably be in the village by Sunday. Her husband fought hard against leaving his spouse and babe and for some time refused to budge, but assured of the safety of his family he finally consented to make the trip.

The announcement has been made by the Fort Wayne and Wabash Valley Traction company of a rate of $3.75, good all week, for the round trip from Indianapolis, and $2 from Logansport and return, with proportionate rates all along the line.

THE DEATHS.

M'KEAN.

Mrs. Eliza W. McKean, widow of William McKean and a pioneer resident of Fort Wayne, died at her home on Spy Run avenue Monday evening at the age of 71 years. Mrs. McKean's death was due to uraemic poisoning, following an extended illness, and the end had been expected for several days.

The deceased located in Fort Wayne when the present city was but a struggling village, and she was widely and favorably known—a devoted Christian woman whose life was a benediction to those about her. Surviving are five children—John, Hugh and Milton McKean and the Misses Sarah and Anna McKean. Miss Sarah McKean is principal of the Nebraska school. Mrs. McKean was a member of the First Presbyterian church.

Funeral services from the residence Friday afternoon at 2 o'clock.

CULVER.

The infant son of Mr. and Mrs. M. H. Culver, 1513 Hayden street, died at 11 o'clock this morning at the age of four days. The babe was one of twins, and the mother is said to be in a very critical condition.

The remains of the little one will be taken to Quincy, Mich., for interment Saturday morning.

FUNERAL ANNOUNCEMENTS.

Kessen.—Funeral services of John Kessen will be held Friday morning at 9 o'clock from St. Mary's Catholic church.

Carpenter.—Funeral services of Helen Carpenter will be held Friday morning at 10 o'clock from the residence, 501 Clinton street.

TRIVIAL CHARGE HOLDS HARRY ALDRICH IN COUNTY JAIL

Bought Eighty-Seven Cents Worth of Groceries on Credit—City Court.

Harry Aldrich, stepson of a hod-carrier living in Bloomingdale, slightly under the influence of liquor, went into Lorenz Haiber's grocery yesterday and had a clerk put up groceries amounting to eighty-seven cents which he picked up and walked out with, telling the clerk, who was a new man, to charge them to Aldrich. It was charged that he received goods under false representations and he was held to the circuit court under a bond of $500 by Judge B. W. Skelton in the city court this morning.

A few weeks ago a young man of good family, who has spent the last seven years bumming around saloons, who had not had steady employment for years although capable, helped a drunken companion to carry a trunk out of a house, assisted in breaking it open and took a portion of $50 that the robbery netted. A good attorney and friends came to his rescue and the boy was released under a suspended sentence without having gone to the circuit court at all.

The Other Cases.

Emma Fremont, who lives at Decatur, and Clarence Simmons, who says he is a half-breed Indian, although he looks more like a negro, were fined $10 and costs each for specific immorality. They were rooming together at the "Bee Hive" on Superior street. The woman has four children who are in an orphans' home and a husband who is serving time in state prison. Sentence was suspended in her case.

Bessie Ferguson and Mary Jones would not stay off the streets at night and this morning for loitering they were fined $5 and costs each.

Bill McCall was drunk and he drew $5 and costs as he had been out of jail only a day or two.

George E. Baker and John H. Shackelford, railroad employes who engaged in a fight, were fined $1 and costs each for provoke and assault and battery respectively.

The cases against Earl Arnold and Fred "Whitey" Worten were continued until Monday morning.

A Great Nerve Balm

It Cures Headaches, Neuralgia and All Kindred Ailments by Removing the Cause.

When the nerves become swollen and irritated they naturally pain and ache; these pains and aches are called **Headaches, Neuralgia, Lumbago, Sciatic Rheumatism, Etc.**

DR. JAMES' HEADACHE REMEDY cures this condition by healing and curing the irritated and swollen nerves; when this is done the trouble disappears at once. Heretofore, there seems to have been nothing that would cure this disease and prevent its return, in other words, they were only able to give temporary relief, while this great remedy feeds and strengthens the weakened nerves and restores them to perfect health and activity.

They give immediate relief and will effect a permanent cure.

Bad Symptoms.

The woman who has periodical headaches, backache, sees imaginary dark spots or specks floating or dancing before her eyes, has gnawing distress or heavy full feeling in stomach, faint spells, dragging-down feeling in lower abdominal or pelvic region, easily startled or excited, irregular or painful periods, with or without pelvic catarrh, is suffering from weaknesses and derangements that should have early attention. Not all of above symptoms are likely to be present in any case at one time.

Neglected or badly treated and such cases often run into maladies which demand the surgeon's knife if they do not result fatally.

No medicine extant has such a long and numerous record of cures in such cases as Dr. Pierce's Favorite Prescription. No medicine has such a strong professional indorsement of each of its several ingredients—worth more than any number of ordinary non-professional testimonials. The very best ingredients known to medical science for the cure of woman's peculiar ailments enter into its composition. No alcohol, harmful, or habit-forming drug is to be found in the list of its ingredients printed on each bottle-wrapper and attested under oath.

In any condition of the female system, Dr. Pierce's Favorite Prescription can do only good—never harm. Its whole effect is to strengthen, invigorate and regulate the whole female system and especially the pelvic organs. When these are deranged in function or affected by disease, the stomach and other organs of digestion become sympathetically deranged, the nerves are weakened, and a long list of bad, unpleasant symptoms follow. Too much must not be expected of this "Favorite Prescription." It will not perform miracles; will not cure tumors—no medicine will. It *will* often *prevent* them, if taken in time, and thus the operating table and the surgeon's knife may be avoided.

Women suffering from diseases of long standing, are invited to consult Doctor Pierce by letter, *free*. All correspondence is held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Medical Adviser (1000 pages) is sent *free* on receipt of 21 one-cent stamps for paper-covered, or 31 stamps for cloth-bound copy. Address as above.

ON A STREET CAR.

Stout Woman Who Tried the Patience of a Conductor.

The stout woman signaled the conductor, and the conductor signaled the motorman, and the car came to a stop.

"What street is this?" the stout woman called.

"It's the street where you get off, isn't it, ma'am?"

"It looks something like it. Is that a new house on the corner?"

"I'll have a copy of the building permit ready for you the next time you drop around, ma'am."

"I don't feel quite sure about the street," said the stout lady.

"Step lively, please, ma'am."

"Eh! I haven't any lively steps. Do you take me for a ballet dancer?"

"Not at your age, ma'am."

"What do you mean by that?"

"I mean that you are not old enough for a ballet dancer, ma'am. Will you step lively, please?"

The stout lady balanced herself on the running board.

"I want to get off the right way," she said.

"The quickest way is the right way, ma'am."

"Don't you dare to start the car before I'm off."

"Certainly not, ma'am. We'll cheerfully wait all night if it's necessary."

"You face to the front, don't you?"

"Yes, ma'am. But you can face both ways if you like."

"Then you let yourself down with your left hand, don't you?"

"Yes, ma'am."

The motorman looked around.

"Wake me up, Charlie, when the ark is unloaded," he called back to the conductor.

"Tell that man to look the other way," cried the stout woman.

Then she lowered herself carefully to the ground, and the conductor seized the bell rope.

"Mercy, this isn't the right street, after all!" the stout lady cried and nimbly clambered aboard again.

Then the conductor broke the rope with the yank he gave it.—Cleveland Plain Dealer.

Dr. Finn's Testimony Interesting.

Dr. Thomas Finn, of Boonsboro, Mo., who has practiced medicine for 32 years, says he has used every prescription known to the profession for treatment of kidney and bladder diseases, and says he has never found anything so effective in both chronic and acute kidney and bladder trouble as Foley's Kidney Cure. It stops irregularities and builds up the whole system. Dreier & Bro.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

THE CHANLER BOOM.

Lewis Stuyvesant Chanler, candidate for the democratic presidential nomination, is lieutenant-governor of New York. Outside the small and exclusive circle in which he has moved he was unknown until a year ago, when the democracy of New York constituted him tail to the ticket headed by William Randolph Hearst, on the theory, doubtless, that the Stuyvesant Chanler of it would prove in some quarters an antidote to the Hearst end of the ticket. He was elected. Now he is being carefully groomed and systematically boomed for the presidency.

Some six million democrats outside the state of New York will frankly admit if asked that they have never heard of him. About the same number will disclaim any hostile prejudice to him. But both the inside and the outside of Mr. Chanler's candidacy are very apparent to the naked eye. He will not be the candidate. The attempt to conjure with his surname in the south and his Christian name in the east will not have much effect.

A statement sent out by Mr. Chanler's press bureau says: "These men [those behind Chanler's candidacy] represent big business interests and one reason for getting behind Chanler is to bring about the elimination of Bryan." The same statement says that "however magnetic Bryan's name be on the prairies it has an ominous sound to business men in the east." More ominous than sounds the name of Roosevelt to these same "business men" in the east?" Hardly. "They welcome the candidacy," declares this same authority, "that will put an end to the program of disaster so long monopolized by the democratic party. These gentlemen look upon Chanler as the only man who can carry New York state, and they know that if democracy is to win in the nation it must carry the Empire state." Very clear, very logical, quite irrefutable.

But here is this: If democracy wins at all it will win without New York state; it will win because it will carry the states of the south and the states of the west. If it cannot carry these New York state will be quite powerless to ward off disaster. It may be that Chanler can carry New York. We will take the word of his press bureau for that. Any democrat will carry the states of the south—Bryan, Chanler, or "Big Bill" Devery. But in the states west of Ohio and north of the old Mason and Dixon line—Indiana, Wisconsin, Minnesota, the Dakotas, Missouri and Colorado and other mountain states, where the sentiments that Roosevelt and Bryan hold in common make them both strong—Hon. Lewis Stuyvesant Chanler would stand about as much show of survival as an iceberg in the sun.

The trouble with the eastern gentlemen now managing the incubator containing the Chanler egg is that their political vision does not penetrate beyond the Alleghanies. They fancy that the east and its "big business" and "high finance" have only to say to the balance of the country, "we want this and we don't want that," and the whole political fabric will obediently pivot upon their mandates.

The same crowd and the same methods now at work for Chanler brought the nomination of Judge Alton B. Parker three years ago. The country knew something of Parker, recognized his ability and admitted his fitness. Of Chanler it knows nothing for he has done nothing. The democracy will not next year take its candidate from the cast.

Driven by her powerful turbines the new ocean monster, Lusitania, is plowing her way through the waves of the Atlantic at a speed that will, if maintained, smash all trans-Atlantic records for the trip across to this side. Capable of developing a speed of twenty-five knots an hour, this latest example of modern ship-building seems about to achieve the feat of a four days' trip across the ocean. Not less interesting than her anticipated performance is the announcement by the North German Lloyd company, whose mighty ships have for some years held supremacy in speed, that it will at once make arrangements to lay down the keel of a vessel larger and faster than the Lusitania. And of course it will be done. Speed on the ocean as on the land has no defined limits. Express trains and electric cars have attained a speed of two miles a minute. Even in the matter of horseflesh there has been rather dizzy progress. A dozen years ago there was speculation as to the two-minute harness horse. One sensational racer at least has done better by five seconds than that. Automobiles continue to smash records with amazing consecutiveness and no limit to their speed can be set, even by considerations of safety The progress of speed development on the seas has been rapid during the past decade and of course the development of speed will continue, but the records the Lusitania may be expected to establish when she is better tried and her machinery operating more smoothly doubtless will stand as the mark for some time.

The supposition is, in the absence of definite information, that Walter Wellman has postponed his flight to the pole for another year. A year ago the explorer went to Spitzbergen equipped, as he announced, to make a dash for the pole. He felt obliged to postpone the trip until the present summer. For several months he has been away up above the arctic circle going ahead with his arrange- All preparations were complete, perfect and full of promise and no conditions wanting save alone the weather. The latest reports from Wellman convey the information that adverse winds were preventing his start and that if by the 10th inst. he was unable to proceed the voyage would have to be abandoned for this year, owing to the setting in of the long arctic night. A very recent statement by Wellman was to the effect that he would not start until conditions were favorable—that his object was "not to commit suicide, but to find the pole." This seems to sum up the matter completely. This suspense, however, is getting a bit irritating. At the same time, since it is the explorer and his companions who are taking the main risk, probably no one has a just quarrel with them.

STEET CAR MEN DENY STORY.

Say Report They Were Ready to Make Important Demands Is Untrue.

Members of the local union of the Amalgamated Street Railway men denied the truth of the story in a morning paper that they have decided to present a new wage scale for signature of the Fort Wayne and Wabash Valley Traction company next month and that at the same time they will present demands for redress of grievances. One of the men said the matters referred to had not yet been under discussion, and declared that the story printed this morning was almost in its entirety is untrue and without foundation.

BLACKMAILER IS TAKEN BY THE POLICE IN COLUMBUS, O.

Tried to Extort $1,000 by Threatening to Kill a Rich Man's Child.

Columbus, Ohio, Sept. 12.—A man giving his name as Frank Smith, employed as a laborer in a stone quarry, was arrested this morning by the Columbus police on the charge of attempting to blackmail Butler Sheldon, wholesale dry goods merchant and vice president of the local street railway syndicate.

Smith confessed to writing a note demanding that Mr. Sheldon deposit $1,000 under a tin can in the woods near his country home at Arlington, and threatening to kill Mr. Sheldon's baby daughter if the demand was refused. He claims, however, that he had no intention of carrying out his threats and only wanted to get employment as lodge keeper and watchman on the Sheldon estate, he having made application for the position several days after the letter was received.

TALKING OVER SITUATION.

No Reply Sent This Afternoon By the Board to the Telephone Company.

The board of public works was in session this afternoon discussing the proposition made by the Home Telephone and Telegraph company regarding the city's rights to use poles for stringing electric light wires but no answer was formulated.

The conviction among the city officials is that they have a perfect right to use the poles and they will probably proceed to do so unless they are stopped by court procedure.

WOULD CURB POWER OF THE FEDERAL COURTS

Nebraska Governor Would Amend Constitution to Fetter Injunctions.

Lincoln, Neb., Sept. 12.—Because of the restraining order granted by Judge Munger of the federal court, to prevent the railway commission from promulgating a new grain rate schedule, Governor Sheldon today declared himself in favor of a constitutional amendment taking from federal courts the right to enjoin state officials from enforcing the state laws.

"I believe the federal courts have abused the privilege of the injunction enough to justify such action," he said. "Too many state laws have been tied up by the interference of the federal courts. I do not believe the makers of the constitution ever contemplated such use of the injunction in the hands of the federal courts."

DROVE JEWS INTO A LUMBER YARD AND SET IT AFIRE

Some Details Upon Which Was Founded Bloody Story from Kishinev.

Vienna, Sept. 12.—According to the reports received here the disturbances which caused the circulation of alarming rumors in Rumania began at Kishinev, Bessarabia, during the night of September 8. A band of rowdies which arrived there from Odessa were joined by a Kishinev mob and committed fearful outrages in the suburbs. They set fire to a lumber yard into which the Jews, aroused from their sleep, were driven. The police during the disturbances were entirely passive.

GILLIE BROKE RECORD.

Threw Discus 115 Feet in Caledonian Athletic Contests.

George Gillie broke his own record of 112 feet, made while captain of the track team of the Ohio State university last year, when at the Caledonian athletic program at Robison park Wednesday he threw the discus a distance of 115 feet. There was much enthusiasm over the accomplishment. Other results of the day were:

One hundred-yard dash—George Casterline, first; George Gillie, second, and Jack Gillie, third; time, 13 2-5.

Putting sixteen-pound shot — William Romy, first; George Gillie, second, and Peter Gillie, third; distance, 36 feet, 1 inch.

Running high jump—George Casterline, first; William Romy, second, and George Gillie, third; height 6 feet.

Throwing sixteen-pound hammer—George Gillie, first; William Romy, second, and Peter Gillie, third; distance 115 feet 4 inches.

Pole vaulting—George Gillie, first; George Casterline, second, and Jack Gillie, third; distance 8 feet.

One-half mile run—George Casterline, first; Jack Gillie, second, and George Gillie, third; time, 2:55.

Tossing the caber—William Romy, first; George Gillie, second, and Peter Gillie, third; distance 38 feet, 4 inches.

Discus throw—George Gillie, first; William Romy, second, and Jack Dick-

S.S.S. A CERTAIN SAFE TREATMENT

S. S. S. is the only safe and reliable cure for Contagious Blood Poison. It is purely vegetable, made entirely from healing, cleansing roots, herbs and barks, and in addition to curing this vile disorder, S. S. S. builds up every part of the system. Mercury and potash cannot cure the trouble; they can only mask it in the system for awhile, and when they are left off the disease returns, usually, in worse form than before, and the patient finds he has damaged his health with these strong minerals, which disease the delicate lining of the stomach, affect the bowels, produce chronic dyspepsia and often set up Mercurial Rheumatism. It will not do to trifle with a disease so powerful as Contagious Blood Poison, for every day it remains in the blood it is progressing toward a dangerous stage, and will in the end get beyond the control of any treatment. S. S. S. cures blood poison in the right way, it goes down into the circulation and removes every particle of the virus. No bad results are ever experienced from the use of S. S. S. It is gentle and pleasant in its action, and forty years of cures warrant the statement that S. S. S. is not only a safe but a certain treatment. Home treatment book on this disease and any medical advice desired sent free to all who write.

What The Sentinel Had to Say About Persons and Events Twenty-Five Years Ago.

Hon. R. S. Taylor, who has been spending several weeks fishing at Lake Superior, returned yesterday.

Notice was given of the dissolution of the partnership existing between James E. Graham and S. Breidenstein.

Lieut. Frank Wilkinson is one of the wonders of Fort Wayne. He never heard "Pinafore" nor saw a game of base ball.

The refreshment privileges of the Northern Indiana fair were sold yesterday to C. L. Centlivre for $640. Mr. Centlivre was the highest bidder.

The water supply was shut off this afternoon from 1:30 until 3 o'clock to permit a connection to be made with Carnahan, Hanna & Co.'s store on Clinton street and the Berry street main.

J. P. Westerfield, formerly trainmaster of the Wabash at this point, has been transferred from Andrews to Tilton, and H. C. Boughton, trainmaster at the latter place, returned to Andrews.

Frank C. Cooper and B. M. Holman this morning formed a partnership under the firm name of Cooper & Holman for the publication of a Sunday morning illustrated newspaper to be known as the Sunday Morning Call, the first issue of which makes its appearance on Sunday, September 24.

The little daughters of Cy Fike arranged a surprise party for him last night, it being the occasion of his birthday anniversary. After the guests had all arrived, the little ones telephoned their papa to come right home. He did, and got a hearty reception. The evening was very pleasantly spent.

There was a meeting of the stockholders of the Jenney Electric Light company this morning and it was agreed to submit a proposition to the council this evening to light the city by electric light. Sixty or seventy lamps will be needed, the cost of each lamp to be $120 per annum. The cheapest Brush light at Grand Rapids costs $180 per annum.

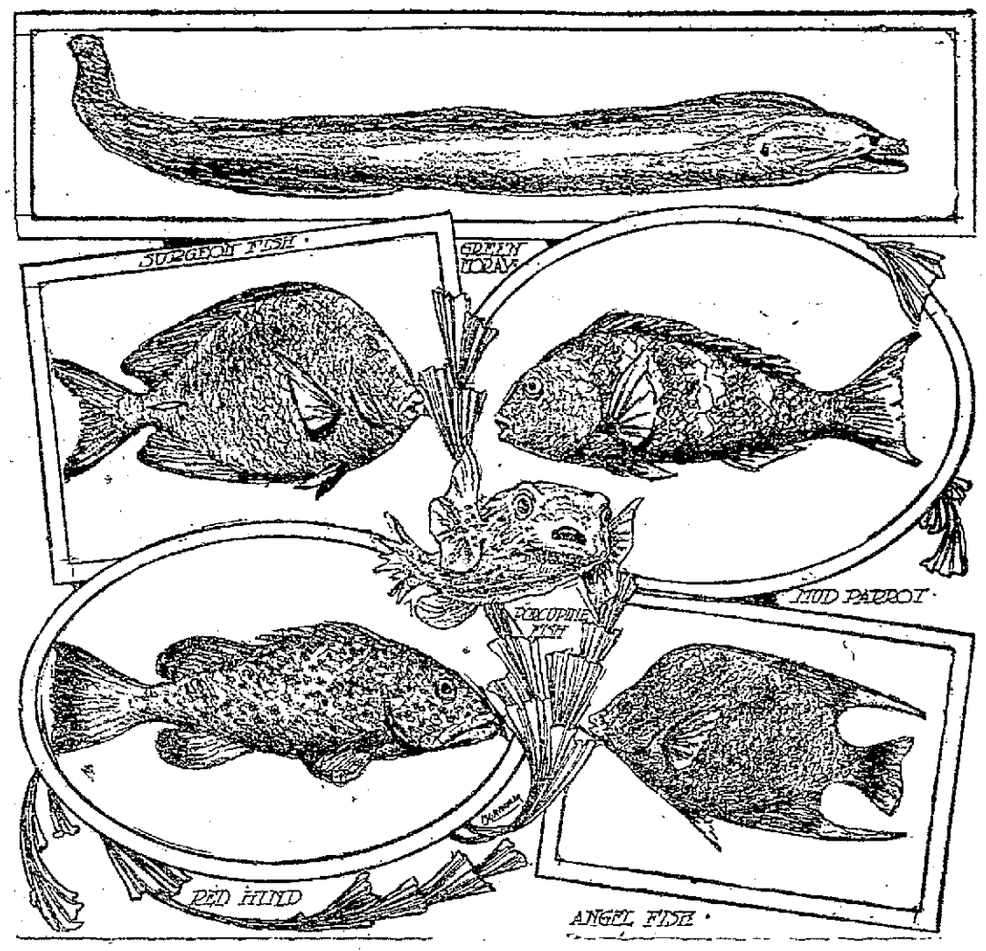
BRIGHT BERMUDA FISH CHARM THE ZOOLOGISTS

New York's Visiting Scientists Are Deeply Interested in the Brilliant, Many Hued Specimens from the Waters of the Caribbean.

SOME OF THE CURIOUS FISH TH AT INTERESTED WORLD'S ZOOLOGISTS.



That multicolored life which teems in the depths of the sea about the Bermudas was the theme over which delegates to the seventh international Congress of Zoology became enthusiastic as they watched the many specimens which were brought to their notice at the New York Aquarium.

In expectation of the coming of the congress to this city after it had finished its deliberations in Boston Charles H. Townsend, director of the aquarium, had arranged to have as representative a display as possible of the brilliant hued denizens of the Caribbean. The three hundred fish which were brought from the Bermudas were collected by Prof. Charles L. Bristol, of New York university.

Fairly successful efforts have been made to reproduce the delicate colorings of the fish of the Bermudas by means of plates, but even the most skilful combinations fail to do justice to them. The Museum of Natural History has also begun making wax models of Bermuda varieties, which are to be painted while the artist makes studies from the live fish in tanks. The changing shades and the irridescent beauties of these tropical creatures are to be fully appreciated, however, when they are seen in life.

Bermuda fish which have been recently placed in the newly equipped tanks in the aquarium consist of three hundred specimens and many varieties. They give only a glimpse of the piscine life of the Caribbean, yet, such as they are, they have done much to stimulate interest in this country in the project of establishing a biological station under the auspices of the Bermuda Natural History society. The project was called to the especial attention of the visiting zoologists, to whom the forms which are shown in the aquarium were not familiar.

Brilliant Coloring Rare.

Nothing approaching the Bermuda fish in coloring can be seen in European waters except in the Bay of Naples, near which is a great biological station, to which are sent students from all over the world.

Fish which play about the coralline Bermudas furnish an inexhaustible source of study and observation. Some of them, as the angel fish, are thin and flat, and their peculiar shape enables them to get into crevasses in the reefs. Others, as the trunk fish, go armored in order to protect themselves from the sharp points of coral. The influence of environment seems to play an important part in the evolution and development of all.

The angel fish, which just now is attracting much attention at the aquarium, where he drifts about in the bubbling tanks, looks as though he were continually on the wing. The fins come down to a knife edge thinness, and it is often a source of wonder how the creature is able to control the movements of his thinly upholstered anatomy.

One of the peculiar new visitors to the aquarium is the surgeon fish, which is flat and thin, and as he floats along like an attenuated wafer he is able to extend two sharp cutting spines near the tail. By going rapidly the surgeon fish can inflict heavy damage on any enemy within striking distance and escape with the celerity of a torpedo boat.

Perhaps more effective as a fighting fish than the surgeon is the trigger fish, which carries back of his dorsal fin a strong spine with a barb which he can bring into position with precision and thereby inflict a large open wound.

Of the hard shell variety the trunk fish, which has a three sided formation and looks like an overgrown beechnut with rns, always attracts attention in the aquarium.

Specimens of the Cow Fish.

Several fine specimens of the cow fish have been received. They actually look like bovine species with their small mouths and well defined horns. If nature had provided them with legs instead of fins they would browse on the seaweed meadows and hardly be regarded as fish at all. Fish like these are used as food in the West Indies and are cooked in their shells.

Among the varieties which have recently found a place in the local collection are the four eyed fish, presenting a picturesque appearance, for not only have they optical furnishings at the head but spots which appear like eyes near the tail. The hog and the pig fish are prominent among the live stock which has recently come from Bermuda. The yellow grunt and the red mouthed grunt are not allied species. The tiger rock fish, the red hind and the parrot fish bear names which suggest their appearance.

Bermuda fish which are brought to the aquarium here often have long lives, but as a general thing it is hard to make an artificial climate which was created for them meet all their requirements. There have been angel fish which have lived in tanks in the New York aquarium for four years, while others of the finny tribe which are supposed to be hardy have died within a few days after their arrival. Tropical specimens last week played a star part when the visiting zoologists went to inspect the collections at old Castle Garden, and several of the students intend, if they can make arrangements, to take a trip to Bermuda for the purpose of seeing still more of the interesting forms of life near the reef bound isles.

MEN PAST SIXTY IN DANGER.

More than half of mankind over sixty years of age suffer from kidney and bladder disorders, usually enlargement of prostate gland. This is both painful and dangerous, and Foley's Kidney Cure should be taken at the first sign of danger, as it corrects irregularities and has cured many old men of this disease. Mr. Rodney Burnett, Rock Port, Mo., writes: "I suffered with enlarged prostate gland and kidney trouble for years and after taking two bottles of Foley's Kidney Cure I feel better than I have for twenty years, although I am now 91 years old." Dreier & Bro.

The release of a prisoner of the great Indian mutiny of 1857 from the Andamans is reported by a Hindoo newspaper. Moosama Singh was transported in 1859 for taking part in the mutiny and after forty-eight years in the Andamans has now been released. The veteran prisoner will have to report himself once a month before the superintendent of police.

Saved Her Son's Life.

The happiest mother in the little town of Ava, Mo., is Mrs. S. Ruppee. She writes: "One year ago my son was down with such serious lung trouble that our physician was unable to help him; when, by our druggist's advice I began giving him Dr. King's New Discovery, and I soon noticed improvement. I kept this treatment up for a few weeks when he was perfectly well. He has worked steadily since at carpenter work. Dr. King's New Discovery saved his life." Guaranteed best cough and cold cure by Dreier & Bro., druggists. 50c and $1.00. Trial bottle free.

John W. Gates says that not all women, but some of them, are very poor speculators, and recalls this incident: "A young friend of mine has a pretty cousin. He was going to the races the other day, and she called him up on the telephone and asked him to put $10 on Forest King for her. 'Very well,' he said. 'I'll do it if you'll pay me back.' 'Of course I'll pay you back, you horrid thing.' 'All right,' said he. 'You didn't last time.' 'Oh, well,' said she, 'last time the horse didn't win, you know.'"

Stomach troubles, Heart and Kidney ailments, can be quickly corrected with a prescription known to druggists everywhere as Dr. Shoop's Restorative. The prompt and surprising relief which this remedy immediately brings is entirely due to its Restorative action upon the controlling nerves of the Stomach, etc.

A weak Stomach, causing dyspepsia, a weak Heart with palpitation or intermittent pulse, always means weak Stomach nerves, or weak Heart nerves. Strengthen these inside or controlling nerves with Dr. Shoop's Restorative and see how quickly these ailments disappear. Dr. Shoop, of Racine, Wis., will mail samples free. Write for them. A test will tell. Your health is certainly worth this simple trial. Sold by all dealers.

Every one knows what an explosion is; but its opposite, an implosion, is less familiar. At great depths in the sea the conditions are favorable for its production. At 2,500 fathoms the pressure is, roughly speaking, two and a half tons to the square inch; that is to say, several times greater than that exerted by the steam on the piston of a powerful engine.

$5,000.00 GEOGRAPHICAL CONTEST
ABSOLUTELY FREE
M. J. MARTTENE PIANO CO.'S
GREAT OFFER

1st Prize
$425 Hallet & Davis Piano

TO BE GIVEN AWAY

THE REASON This contest is made possible by the HALLET & DAVIS PIANO CO., of Boston, and the W. W. KIMBALL CO., of Chicago, whom we represent, agreeing to allow a large sum for advertising purposes, and as we wish to impress the name M. J. MARTTENE PIANO CO., and the pianos we handle so thoroughly and favorably upon the minds of the people in Fort Wayne and vicinity, we have decided to give the appropriation directly to piano buyers through this great Geographical Contest, believing that by thus giving it directly to the people the most beneficial results are to be obtained.

This contest is educational as well as very entertaining, and every prize is well worthy of the work required.

THE CONTEST IS AS FOLLOWS:

RULES.

Contestants are required to make a list of different counties and capital cities of the states and territories of the United States, not including Alaska or our Insular possessions, using for letters to make names of the counties and capital cities, any of the letters in the reading matter within the heavy black border square in the centre.

Explanation: Take any county or capital city, Routt for example. In the square find an "r," and cross it out; then find an "o," and cross it out; then a "u," and cross it out; then a "t," and then another "t." This uses up five of the letters in the square, and you cannot use these letters again. Now take another capital city or county and proceed as before. As soon as a letter is used in the square, cross it out carefully, as you cannot use this same letter again. Continue thus until you have made as many counties and capital cities as you can.

Counties and capital cities of the same name can be used but once.

Do not use any abreviations. Spell out all words used.

Contestants are not allowed to send in a duplicate list, as this would be unfair to others.

THE PRIZES.

1st Prize—A magnificent $425 Hallet and Davis piano will be given to the person whose list contains the greatest number of counties and capital cities in compliance with the rules and conditions.

2nd Prize—A credit certificate good for $125 on the purchase of any new Hallet and Davis or Kimball Piano.

The remainder of the appropriation will be awarded in certificates ranging from $90 to $50, and will be awarded to the next highest lists in accordance with the number of names sent in until the entire $5,000 in certificates has been distributed. Those who receive prize certificates may apply them on the purchase of any new piano in our wareroom at the regular marked prices, but cannot apply them on any purchase made previous to Oct. 7, 1907.

If you already have a piano and secure a prize certificate, you may apply the certificate on the purchase of a new piano player or player-piano at regular retail prices.

Prize winners will be notified.

Below in the heavy black border is the reading matter from which the letters are to be taken in forming the names of counties and capital cities.

This contest is conducted solely for the benefit of piano buyers. In awarding to successful contestants the prize certificates this large advertising appropriation is divided directly among the winners. Nothing could be fairer than this. It will result in bona fide saving of thousands of dollars to piano buyers.

The Hallet and Davis Piano Company, W. W. Kimball Company and the M. J. Marttene Piano Company believe that by dividing this five thousand dollars directly among piano buyers, quicker and better results will be obtained than by magazine advertising or expensive catalogs. It will place a large number of Hallet and Davis and Kimball pianos in homes of musical people where they will make many new friends.

There is no catch or chance in this contest. All lists will be subject to the same judging, the highest list will be awarded first prize and the others will receive awards in accordance.

The Hallet and Davis and Kimball have been leading pianos since their inception. Today they occupy an unassailable position in the musical world. Recognized by all musicians, artist or amateur alike, as ideal pianos, and the absolute preference of many of the greatest artists.

When the name Hallet and Davis or Kimball appears upon your piano, it means you have the most perfect piano that skilled artisans can produce and devise: the finest facilities and abundant cash capital can manufacture.

The success of the M. J. Marttene Piano Company, has been due entirely to its fair and honest dealings, and our best recommendations come from the hundreds of people in this vicinity who have purchased pianos from us. Our store is the people's piano store. Here you have your choice of many makes; the advantage of the one-priced plan, a plan that positively saves you money. Our small payment plan makes it easy to own a good piano.

SOCIETY

Another pretty little party of this week enjoyed by the young girls who are going away to school, was a pedro for Miss Florence Foster, which her sister, Mrs. Frank Rahe, of Fairfield avenue, gave this afternoon. There were about thirty guests including Miss Alice Stahl, of Bellevue, O., who is visiting Miss Alice Foster and Miss Clair Dryer, of Terre Haute, who is the guest of her sister, Mrs. Fred B. Shoaff. The decorations were a graceful arrangement of goldenrod and hydrangea. Mrs. D. N. Foster presided in the dining room and Miss Alice Foster assisted in serving refreshments.

* * *

Mrs. M. S. Merriam, of Division street, entertained a company of young girls on Tuesday afternoon in honor of Miss Lucile House who is going to Indianapolis within a few days, to attend school. The company was informal but none the less enjoyable.

* * *

The reception planned by the congregation of the Third Presbyterian church for Rev. F. M. Fox for tomorrow evening has been postponed as Mr. Fox will not be able to reach the city in time.

* * *

Mr. and Mrs. Charles Rosselot were given a pleasant surprise last evening by the members of the Dywyki club and their husbands. An elaborate supper was part of the entertainment.

The members of the Geramea pedro club spent a pleasant time with Mrs. Gruber, 1330 Scott avenue, yesterday afternoon. A fine supper was a part of the entertainment. Prizes at cards were earned by Mrs. Rippe and Mrs. Forbes. Other ladies present were Mesdames Lindeman, Nierman, Narhwold, Engleking, Treace, Ricke, Schultz, Bohde and Hickman.

Mr. and Mrs. J. H. Hubler, who have been spending the summer with Mr. Hubler's parents near Hoagland, have returned to Indianapolis, where Mr. Hubler will resume his medical studies.

Mr. and Mrs. Charles Stribley, of Kaukauna, Wis., who have been visitors in the city for several days, left today for New York and will sail soon for Europe. Mr. Stribley lived in Fort Wayne many years ago.

The Ventura club opened its meetings for this season yesterday afternoon at the home of Mrs. Henry Diebold, of Washington boulevard east. A pleasant time was enjoyed. Prize winners were Mrs. James Dormer and the hostess for the afternoon.

Prof. M. A. Brannon, of Grand Forks, N. D., is spending a few days with Mrs. Robert Lowry and on his return home will take his little daughters, who have been here all summer with their grandmother.

Miss Dorothy Streifling will entertain at dinner at the Aveline hotel on Saturday evening for Miss Aimee Kantman, of Baltimore, who is visiting Miss May Hallenstein, and Mrs. C. W. Merrill, of Toledo, formerly Miss Edith Kunkle, of this city, and Miss Cassie Leopold, of Akron, who is visiting friends here.

Mrs. A. W. Thompson, of 2909 South Harrison street, is entertaining this afternoon in honor of her sister, Mrs. Della M. Sarbear, of Philadelphia, who will leave Saturday for her home. Besides several other guests, the following sisters of Mrs. Thompson and Mrs. Sarbear are present: Mrs. Ella Majors, Mrs. Flora Jefferson and Mrs. Jennie Westerman. Mrs. Sarbear has been in Fort Wayne three months.

The members of the San Antonio club spent a pleasant time yesterday with Mrs. E. J. Longfield, of East Wayne street, playing progressive pedro. The rooms were tastefully decorated with asters of various colors. At 5 o'clock refreshments were served in the dining-room, which was also decorated with asters. Visiting ladies who enjoyed the afternoon were Mesdames McGraw, Porter, Lassus, Magner and Himes.

The girls of the South Wayne branch of the knitting mills gave a pleasant surprise party for Miss Bertha O'Rourke last evening at her home on the corner of Holton and Creighton avenues. There were about thirty young folks in the company and they enjoyed a fine time. There were present Misses Dessie O'Rourke, Marie Matsch, Augusta Bleich, Essie Cheviron, Emma Kummer, Elsie Kummer, Mollie Kellermann, Emma Finge, Elenore Buck, Emma Wimmer, Frieda Auftenberg, Clara Brabant, Alma Sutorius, Emma Kling, Minnie Ernsting, Lena Speckmann, Clara Martin, Sophie Ranking, Anna Gusda, Edith Gusda, Emma Franke, Louise Schaefer, Frieda Dochrman, Jessie Rogers, Mamie Bley, Dorothy Witmann, Hulda Derkes, Emelia Schimmelfennig and Mrs. Nuff.

Schild—Florent.

Miss Carrie Florent, daughter of Charles Florent, of Melita street, and Mr. Charles Schild, a Wabash machinist, were quietly married on Wednesday afternoon at 4 o'clock at the rectory of St. Peter's Catholic church. After the ceremony the bride and groom left for Buffalo, Niagara Falls, Toronto and other Canadian points. The bride wore a handsome blue voile suit, with hat to correspond, for traveling.

* * *

Kelker—Pequignot.

A marriage of Wednesday, Sept. 11, which took place in Roanoke, is of interest to Fort Wayne friends of the bride, Miss Agnes L. Pequignot, of Aboite township, and the groom, Mr. Samuel G. Kelker, a resident of this city. The wedding was solemnized in St. Joseph's Catholic church in Roanoke, at 9 o'clock in the morning. Miss Celia Hines and Mr. Frank J. Kelker were the attendants. Mr. and Mrs. Kelker have gone on a wedding trip to eastern points and will go to housekeeping on Third street, in this city, when they return. Mr. Kelker is a young man of ability and excellent character. He is an inspector of weights and measures for the Central Traffic association. The bride comes from a well known family of the county.

Meyers—Reinewald.

The wedding of Miss Elenora Reinewald, daughter of Mr. and Mrs. Henry Reinewald, and Mr. Fred Meyers was a small but very pretty home event this afternoon at 4 o'clock, at the residence, 519 East Taber street. Rev. Jacob Miller performed the ceremony in the presence of near relatives and a few friends. Miss Carrie Yergens and Mrs. Will Myers were the attendants. The bride, who is pretty and womanly and a favorite with her acquaintances, wore a dainty gown of white French lawn and carried a bouquet of bride roses. The bridesmaid was also in white and her flowers were asters. The rooms were decorated with flowers, ferns and palms and the wedding supper was served immediately after the ceremony, as the bride and groom will leave this evening for an eastern trip to Niagara and other points. The bride will wear a dark blue cloth suit with blue silk waist and a stylish blue felt hat for traveling.

Metzner—Schwartz.

A beautiful home wedding of today was that of Miss Adele Wilhelmina Schwartz and Mr. Ralph W. Metzner which took place at 2 o'clock this afternoon at the home of the bride's parents, Mr. and Mrs. Henry Schwartz, 2528 South Calhoun street. Rev. Luehr, of Zion's Lutheran church performed the ceremony in the presence of relatives and the most intimate friends. The bride and groom entered the parlor where the marriage service was read to the strains of "Lohengrin" played by Miss Ella Beverforden, who also played the "Melody of Love" softly during the ceremony. Miss Loretta Schwartz was maid of honor to her sister. The bride wore a stylish and handsome gown of white rajah silk trimmed with oriental lace. An aigrette with bow of tulle was worn in the hair and the bride carried an arm bouquet of bride roses tied with streamers of tulle and ribbon. The bridesmaid wore a pink silk mull gown and held pink asters. The decorations were elaborate and pretty. In the parlor where the bridal couple stood, there was an arch of vines and flowers with sprays of the sweet clematis hanging from each end of it, jardinieres of white asters and white gladiolas, and ferns which trimmed the chandelier and mantels. The stairway in the hall was entwined with clematis. In the living room quantities of goldenrod was used over the doorways on the chandelier and about the piano. Sunflowers and other yellow flowers filled vases and stood about the room. In the dining room the table was trimmed with clematis, white roses and ferns. In the center of the table was the bride's cake and in its frosting was the date of the wedding. Gladiola, asters and thistles were used wherever flowers could be placed to add to the attractiveness of the house. A fine dinner was served after the ceremony to thirty-six people. This afternoon the bride and groom left for an eastern trip to Niagara and other points. On their return they will go to housekeeping at 1809 Harrison street. The bride wore for traveling a brown eolian cloth suit with brown velvet hat trimmed with brown plumes. Both bride and groom are popular young people and well known in Lutheran circles. The bride is bright, sweet and industrious. Mr. Metzner is a young man of excellent business ability and is connected with his father in the Eagle laundry.

Duncklee—Neil.

At the home of the bride's sister, Mrs. E. J. Wilkinson, on Wednesday evening occurred the marriage of Miss Margaret M. Neil and Mr. Elmer E. Duncklee. Rev. August Lange officiated. The bride presented a lovely appearance in a gown of cream silk mull hung over taffeta. The house was beautifully decorated in asters, ferns and goldenrod. Mr. Duncklee is in the bicycle business with Mr. Wilkinson on Clinton street. Mr. and Mrs. Duncklee will be at home at 1318 Walton avenue on their return from Chicago next week.

Brauer—Siemon.

A beautiful wedding of Wednesday, September 11, was that of Miss Helene F. Siemon and Rev. Herman H. Brauer, which took place at the home of Mr. and Mrs. Henry J. Meyer, 327 Madison street, at 6 o'clock in the evening. The bridegroom's father, Rev. Carl Brauer, of Chicago, officiated and there were present immediate relatives of this city, St. Louis and Chicago and a few intimate friends of the bride. Miss Lydia Brauer, of Chicago, and Miss Clara Schmidt, who were bridesmaids, were the only attendants. The bride and groom entered the parlor together, preceded by the bridesmaids, and took their places before a grouping of palms and jardinieres of white asters. Miss Anna Scherer at the piano and Rev. Theodore Siemon, a brother of the bride, with the violin, played the bridal music from "Lohengrin" as the bridal party came down stairs. The bride wore a becoming and pretty costume of white embroidered batiste, an imported robe, and a veil of tulle held in place by white roses. The bride's bouquet was of white roses. The two bridesmaids' gowns were alike except in color. Miss Brauer wore a blue silk mull and Miss Schmidt was in pink. Their bouquets were white asters held with long white satin ribbons. After the marriage service Rev. Brauer delivered a short address to the bridal couple. The decorations were particularly beautiful and artistic in effect and arranged entirely by Mr. and Mrs. Meyer and Miss Ungemach. In the parlor beside the palms and flowers arranged directly for the bride and groom to stand near were vases of white snapdragon and the cultivated dwarf white aster. Overhead a canopy was suggested by streamers of white ribbon coming from the corners of the room and meeting in the center, where a large white bell was suspended. In each of the four corners of the room were beautiful large white wreaths in design of grape leaves and fruit. Ferns were used about the curtains at the windows and in the doorway. The hall and living room were brilliant in autumnal colors. Quantities of maple leaves decorated the stairway and arches and with them were mingled large yellow chrysanthemums. In the living room and music room green vines and autumn leaves were mingled with jardinieres of goldenrod and vases of nasturtiums. The supper tables were in white and green. On the bride's table was a center decoration of mountain climber vine for a base and arising from it a tall vase filled with white dwarf asters. On either side were smaller, but similar pieces of flowers and the vine. Tall white candles in single holders added further beauty to the table and on the sideboard were vases of gladiola and pink and white asters. The guests received favors of wedding cake in white boxes, the covers being embossed with a monogram of the letters B and S in gold. There were thirty guests at the wedding. Mrs. Reiter catered. The bride and groom have gone to Chicago to remain a week with the groom's parents and from there they will go to their own home in Ann Arbor. For traveling the bride wore a dark red costume of cloth with felt hat of the same color. The wedding was of unusual interest to the relatives of the Siemon family, concerning as it did a granddaughter of pioneer settlers of this city, and taking place in the old Siemon home, now occupied by Mr. and Mrs. Henry J. Meyer, aunt and uncle of the bride. Mrs. C. F. G. Meyer, of St. Louis, the bride's grandmother, was an out of town guest present at the wedding.

This Negligee is Easy to Make

—BY MRS. JANE FORD—

This novel dressing sacque is a combination of the bishop and mandarin styles and is cut in seven sizes, from thirty-two to forty-four inches bust measure. To make this design for the average person three and three-quarters yards of material twenty-seven inches wide, or three and one-eighth yards thirty-six inches in width will be needed.

This garment is so constructed that the sleeves extend to the neck. They may be finished at the lower edge in bishop or a flowing model, with wrist bands of a different fabric. The collar band should be of the same goods. Such a sacque, if fashioned from figured China silk, will be most serviceable.

If warmer materials are preferred for fall and winter, a striped challic, cashmere or French flannel will make up effectively in this style. There are also many pretty and novel designs in goods of a silk and woolen weave. These fabrics are quite warm and yet very light in weight.

If something less expensive is desired, outing flannel in smart patterns may be bought for fifteen cents a yard. Remnants of high priced goods in short lengths sufficient to make such a jacket can often be had at the same price. Still shorter remnants of satin or silk might be used for the yoke band and for trimming the sleeves.

In finishing such a garment in flannel the seams should be cat stitched flat on the wrong side. A French fell is the neatest way to make the seams on other materials. This garment will be effective if the edge of the yoke band and the band trimming is feather stitched with a heavy twisted embroidery silk. French knots arranged in groups and on the yoke will be dainty. If one has the time to spare, the whole yoke could be made most attractive by decorations of hand embroidery. This work may be done in the color used for the bands.

(These patterns are designed by Mrs. Jane Ford and published by The Independent-Peerless Pattern Co., 107 West Twenty-fifth street, New York.)

Model Parisian Costume

In spite of the fact that separate waists and skirts have again come into favor, princess models will be worn by those to whom they are becoming and, with the addition of tiny jackets or capes, will be seen all winter.

When capes are chosen they are circular, fitting smoothly over the shoulders, but rippling at the edges.

Long tabs are used as separate panels, and tailor stitching remains a popular finish.

ADDITIONAL Shop and Rail

Robert Campbell, of Garden county, Iowa, who had been visiting his brother, Engineer B. F. Campbell, of the Pennsylvania, left at noon today for Toledo to visit another brother before he returns to his home in the west.

Machinist Herman Regel, of the Bass works, who had been east nearly all summer setting up machinery in a big manufacturing establishment, is taking a vacation. He went to James lake yesterday to remain until Monday.

Mr. and Mrs. Charles A. Rouser have returned from Buffalo and Niagara Falls and he reported for duty on the Nickel Plate yesterday. They were married three or four months ago and the trip was a wedding tour to them.

C. A. Wilcox, the Wabash engineer who was injured at the West Lebanon wreck a few days ago, has been removed from Decatur to Peru. He is now in the company's hospital in the latter city and is getting along nicely. He was not seriously injured.

Mumps are being passed around among the Nickel Plate enginemen who had not been previously served. The latest victims are Firemen H. G. Fry and W. H. Coulter. Mr. Fry has gone to his old home in Delphos to remain until he is able to work.

H. E. Leininger, a Pennsylvania yard brakeman, had a very narrow escape from a serious accident Tuesday night. While coupling cars he was caught and squeezed between the corners of two of them. Luckily the space was sufficient to admit his body and his only injuries are some painful bruises.

Local Scottish Rite Masons have been advised of the serious illness at Philadelphia of Frank Wilson, a former dispatcher in the Fort Wayne offices of the G. R. & I. He suffers from Bright's disease and has little prospect for recovery. Mr. Wilson quit the railway seven years ago to take up the study of medicine.

ONIONS STUFFEED WITH CHEESE.

Boil large Spanish onions a few minutes, then cut in two and remove the centres. Fill the cavity with a dressing made of crumbs, minced ham, grated cheese, and salt, butter, pepper and thyme to season. Pack all you can get in. Place in a baking dish with an inch of deep gravy or stock, or failing these, beef extract dissolved in hot water. Place a bit of butter on each onion and bake, basting frequently. It will require about one-half hour. Another good forcemeat is made of a mixture of chopped cooked meat, chicken, sweetbreads or veal, an equal quantity of fine bread crumbs, moistened with cream and melted butter and seasoned to taste. Place in buttered muffin rings, sprinkle with buttered crumbs and bake.

WHITE SOX SNATCH TWO FROM BROWNS AND MOVE UP

Boston Whales Leaders and Cleveland Wins from Tigers.

St. Louis, Sept. 12.—Doctor White was in excellent form and in the first game of the double header he blanked the Browns 2 to 0 and while Smith had a few wild and untamed moments in the second struggle he came up best by a total of 5 to 4. St. Louis touched the tooth-puller for six hits in the opener, but no two of them were torn off in the same inning and Bobby Wallace was the only man to rap for an extra base. Smith was not at himself but the Sox took three runs in the opening inning and kept their heads above water until the close. Score of first game:

	R.	H.	E.

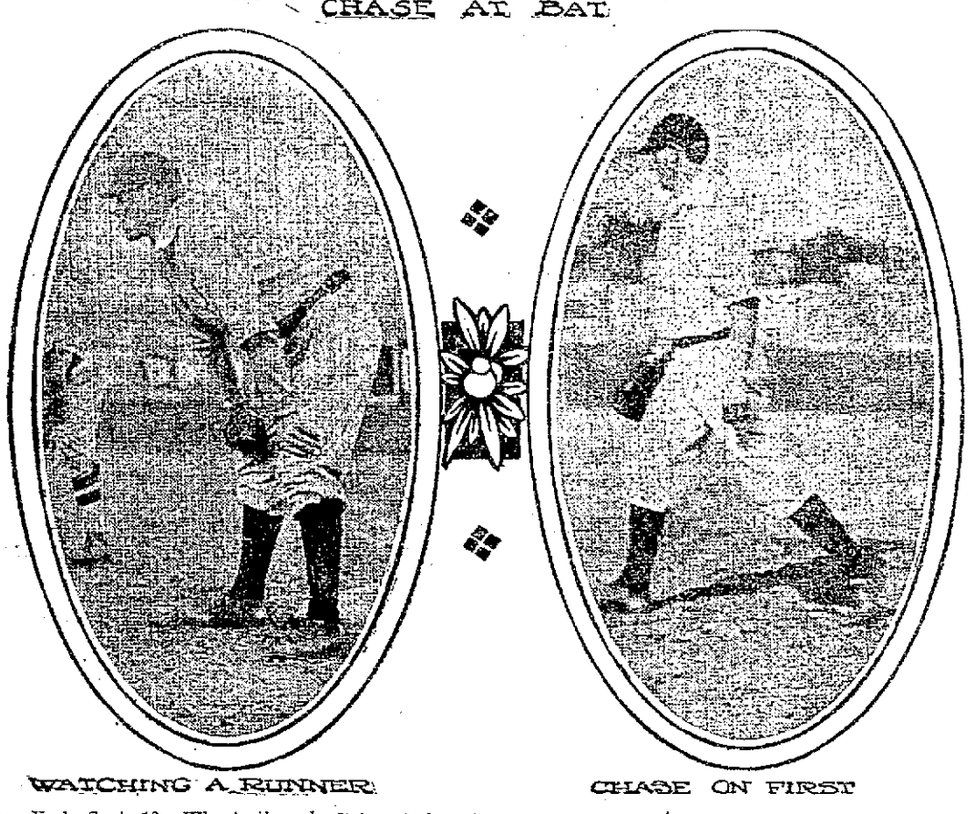
A PICTURE STORY OF THE MOST GRACEFUL FIRST BASEMAN NOW PLAYING BALL

CHASE AS A BASE RUNNER

CHASE AT BAT

SHOWING HIS FULL BATTING SWING



WATCHING A RUNNER

CHASE ON FIRST

New York, Sept. 12.—Who is there in Greater New York possessed of any information in regard to the national game who does not know of "Prince Hal" Chase? Nobody.

That's the answer.

Many a young player has made his debut in baseball in the last three or four years who still clings to major league company and who very likely earns his salary, but there has been no young player who more quickly showed his ability to cope with the veterans—indeed, who showed so much more skill than some of the veterans that he made a name for himself in his first season, and he did not begin to play as well in his first season as he has in succeeding years.

It is not alone the fine playing ability of the young man that makes him a figure in the game. There is more to it. His graceful art, spryness and easy manner of making difficult plays appear simple would have earned him a name, if he were not a ball player of the first caliber in all other respects.

To a wild and uncertain infield Chase is a tower of strength. It has well been said that the Highlanders would not be so high in the race as they are at present were it not for the good work of Chase at first.

Low throws, high throws, throws to the left and throws to the right all appear the same. If he can't get them with two hands he stretches to his full length and tries to take them with one hand. He was once a trifle weak on ground balls that bounded badly, but hard work and steady practice have overcome that fault, so that today it is extremely difficult to throw anything which shall escape his vigilance.

At bat he has improved greatly, both in the manner of his swing and the confidence possessed in meeting the ball. He steps into curves now, where once he was inclined to pull away from them. It is the player who steps into the ball who makes the greatest batter.

Speedy as Mercury on the bases, he needs but an inch to steal second, or even home if there is the slightest inattention on the part of the pitcher or catcher.

SAINTS TAKE THE SECOND.

Brandom and Case Are Batted Freely in the Game.

St. Paul, Sept. 12.—St. Paul hit Brandom and Case at will and won the second game of the series from Kansas City by a score of 11 to 3. Criss was effective with men on bases. Score:

GAMES IN INDIANA-OHIO LEAGUE.

Decatur Beats Kokomo and Takes Lead in Race.

Decatur, Ind., Sept. 12.—Decatur assumed the lead in the Indiana-Ohio league by defeating Kokomo in two games, the first resulting 2 to 1 and the second game 6 to 1. The first game was the most sensational ever seen on the local grounds, as for eight innings Lacey, the Kokomo pitcher, held the locals safe to the ninth, and then weakened and permitted Decatur to score two runs and take the game. The score:

CARDINALS FIGHT CUBS FOURTEEN INNINGS TO A TIE

Darkness and Rain Combine to Stop Struggle—The Other Games.

Chicago, Sept. 12.—After having been halted twice by rain the game between the Cubs and Cardinals was finally stopped by darkness in the fourteenth inning of the first game of what was intended for a double bill. The Chicago team took the lead in the third and fourth innings and held it until the sixth when Eddie Ruelbach's repertoire was seriously punctured and three runs gave the Cardinals a hook-up which they held to the fourteenth when Mr. Emslie and Mr. Clem decided that the fans had had a run for their money and they called negotiations off. McGlynn went the whole distance for St. Louis and had a bit the best of the battle. Score:

HEDGEWOOD BOY TAKES FEATURE OF STATE FAIR CARD

Track Dried Slowly and Going Was Hard on the Horses.

Indianapolis, Sept. 12.—Over a track that was heavy enough to make the going hard on the entries, Hedgewood Boy, the Chitwood stallion, took the free-for-all pace, which was the feature of the state fair race card, in straight heats, the fastest time being made in the first.

That the track was heavy and tiring was conclusively proven by the time. The first quarter was in 31½ seconds in the first heat and the mile was in 2:11¾. In the last heat the pacers were so tired that it took them 34 seconds to get to the first quarter, and the mile was seven and three-fourths seconds slower than in the opening heat. What might have been a good race was spoiled because the sprinters got tired so easily.

The 2:18 trot went the full five heats and developed into an endurance contest. Loyal Baron won the first two heats, but, being a showy, high going horse, he tired at last in the mud and Angetta came on and won. Lu Green made the racing in the last three heats with L. Maud. The summaries:

LAJEUNE WINS LONG THROW.

Springfield Pitcher Comes Near the World's Record.

Cincinnati, Ohio, Sept. 12.—One of the largest crowds that ever visited League park in this city was on hand for the athletic contests between fifty professional ball players, representing seven different leagues in all parts of the country.

Preceding the base ball contests local bowlers and turner societies paraded and the regular Cincinnati-Pittsburg National league game closed the afternoon.

Elimination contests were necessary to decide the beating a bunt contest. Eleven contestants had entered. Six of these were eliminated on the first trial when Huggins, of Cincinnati; Hofman, of the Chicago Americans; Maloney, of Brooklyn; Leach, of Pittsburg, and Thoney, of Toronto, each reached first base in 3 2-5 seconds.

On the second trial Thoney, of Toronto, won the bunting contest, reaching first in 3 1-5 seconds.

A strong wind somewhat interfered with record breaking. Mike Mitchell, Cincinnati right fielder, won the fungo hitting, driving a ball 413 feet 8½ inches. McIntyre, of Brooklyn, made 411 feet, 1 inch; Walsh, Chicago Americans, 396 feet, 10½ inches; Overall, Chicago Nationals, 380 feet, 3¾ inches; McCoy, Mobile, 356 feet, 1½ inches; Leifield, Pittsburg, 322 feet, 7 inches.

George Gibson, Pittsburg catcher, won the accurate throwing contest, his thrown ball striking fairly on the target at second base. Catcher McLean, of Cincinnati, grazed the target, but the other contestants missed it entirely.

Lajeune, of the Springfield, Ohio, Central league team, won the long distance throw, making 339 feet, 10¾ inches, only two inches short of the world's record. Hosteiter, of St. Louis Nationals, second, 335 feet, 8 inches; Stanley, of Louisville, made 332 feet, 11⅝ inches. Mitchell, of Cincinnati, 332 feet; McCoy, of Mobile, made 318 feet, 4 inches; Wagner, of Pittsburg, 341 feet, 1½ inches.

In circling the bases Clements, of the Jersey City Eastern league team, won in 14 1-5 seconds. Others in the contest were Lobert, of Cincinnati, and Thoney, of Toronto, who made it in 14 2-5 seconds; Maloney, of Brooklyn, and Brown, of New York, in 14 3-5 seconds; Noblett, of Grand Rapids, in 14 4-5 seconds, and Hofman, of the Chicago Nationals, in 15 seconds flat. Leach, of Pittsburg, was disqualified, having failed to touch one of the bases.

OFFICIAL COUNCIL PROCEEDINGS

The Common Council of the City of Fort Wayne met in the Council Chamber Tuesday evening, September 10th, A. D., 1907, in regular session. President William C. Schwier, in the chair, and J. Frank Mungovan, Clerk, at the desk; present the following members, 13, viz:

Bayer, Boerger, Cook, Harrison, Johnson, Kinder, Langard, Rodenbeck, Schwier, Seidel, Stemen, Welch, Wyss.

Absent, 2, viz: Councilmen Ensley, Henry.

The minutes of the last regular session having been delivered to the Council, were, on motion, approved as published.

MAYOR'S COMMUNICATION.

Fort Wayne, Ind., Sept. 10, 1907.

To the Honorable Common Council:

Gentlemen: I herewith report to you action taken by me in relation to ordinances passed at your session of August 27th, 1907:

I have approved Appropriation Ordinance No. 313, an Ordinance appropriating $1,200.00 to "Public Buildings and Grounds Account." Also Appropriation Ordinance No. 314, an Ordinance appropriating $15.00 to "Miscellaneous Claims Account," for dues to Municipal League of Indiana.

General Ordinance No. 336, authorizing the Board of Public Safety to employ nine additional men in the Fire Department, I have not approved for the reason that the additional force required to man the new No. 3 Engine House will have to be taken into account as soon as the building is completed, and new apparatus installed. This work will be accomplished during the coming year, and any new arrangement of the Fire Force on a new basis should be deferred until that time.

General Ordinance No. 337, an Ordinance requiring the inspection, authorizing the condemnation of unwholesome and regulating the sale of milk and cream; requiring persons engaged in the sale of the same to obtain a license so to do; providing for the appointment of a Dairy and Meat Inspector; prescribing his powers, duties and compensation; providing a penalty for its violation and repealing all laws in conflict with the same, as amended August 27th, 1907, I have approved. In approving this ordinance, however, it is with the understanding that the expense connected with the enforcement of the same shall not be drawn from the General Funds of the city, but that the salary of the Inspector shall be supplied by license fees collected from the milk and other lines of food inspection.

Respectfully,
WM. J. HOSEY,
Mayor.

Spread on record.

MAYOR'S COMMUNICATION.

Fort Wayne, Ind., Sept. 10th, 1907.

To the Common Council:

Gentlemen: I herewith submit to you, with my approval, the revised estimates of funds required by the various Departments of the City Government for the year 1908. The revised estimates are designated "Exhibit B," while the original estimates submitted by the heads of the different departments are designated "Exhibit A."

Respectfully,
WM. J. HOSEY,
Mayor.

Spread on record.

CONTROLLER'S COMMUNICATION.

Fort Wayne, Ind., Sept. 10th, 1907.

To the Common Council:

Gentlemen: The Board of Public Health and Charities have asked for an additional appropriation of $100.00 to the "Incidental Fund," to be used during the balance of this year. I believe that $40.00 is sufficient to cover the expense mentioned in their communication, hence I would recommend that $40.00 be appropriated for this purpose.

Respectfully,
AUGUST M. SCHMIDT,
Controller.

Spread on record.

CONTROLLER'S COMMUNICATION.

Fort Wayne, Ind., Sept. 10th, 1907.

To the Common Council:

Gentlemen: The Board of Public Works have requested me to arrange a transfer of $500.00 from the "Maintenance and Repair of Streets Account" to "Sewer Repair Account." The money being required for the purposes set forth in their communication, I would recommend that such transfer be made.

Respectfully,
AUGUST M. SCHMIDT,
Controller.

ESTIMATE OF DEPARTMENT OF PUBLIC SAFETY.

Fort Wayne, Ind., Aug. 16th, 1907.

Mr. August M. Schmidt, City Controller:

Dear Sir: We herewith submit to you our estimate of funds required by the Department of Public Safety for the year 1908. This estimate includes an item of $6,500.00 for a new police alarm system, which has been asked for for several years, and is now needed more than ever.

We have again asked for $500.00 for the purchase of a new team for the patrol wagon. We are in hopes that the present team will hold out until the first of the year, but it is going down so rapidly that we greatly doubt it.

In regard to the fire department we have included in our items of expense $4,200.00 for a ladder truck and $6,000.00 for a No. 1 size engine for the new addition to No. 3 Engine House. This equipment will require extra horses for which we have asked an appropriation. Another addition which we desire to make to the efficiency of the department, is that of equipping the hose wagons of the outside houses with chemical tanks and hose, as is done in almost all the larger cities. At every fire the hose wagon is the first to reach the scene of action, and by having the chemicals at hand, many fires may be put out without the use of the large hose and consequent loss by water. This improvement will also relieve the chemical engine to a large extent, as it is now required to run to every fire, no matter where located. It can be readily seen that this is very hard upon the team, especially when several calls from different parts of the city come in close together. The item of replacing the horses for this engine alone, will in time repay the cost of the outlay on the hose wagons. Another point in favor of this improvement is the time saved in reaching fires. The chemical engine having so much farther to go, reaches some fires from three to five minutes later than the nearest hose wagon, and is often too late to be of use.

The items mentioned above would greatly increase the efficiency of the department and in our judgment are all needed in order to give the city the protection it deserves. The estimates are as follows:

—Police Force.—		
Police force pay rolls		$40,780 00
One superintendent	$ 1,320 00	
One captain	1,200 00

ESTIMATE OF DEPARTMENT OF PUBLIC HEALTH AND CHARITIES.

Fort Wayne, Ind., Aug. 16th, 1907.

August M. Schmidt, City Controller, Fort Wayne, Ind.:

Our estimate of the amount of money needed by the Department of Public Health for A. D., 1908, is as follows:

Restriction of preventable diseases	$1,500 00
Incidentals of department	150 00
Salary for sanitary policemen	2,160 00
Salary of clerk	420 00
Total	$4,230 00

ESTIMATE OF BOARD OF PARK COMMISSIONERS.

Office Board of Park Commissioners, City Hall.

Fort Wayne, Ind., Aug. 12, 1907.

Mr. August M. Schmidt, City Controller.

Dear Sir:—Below please find the estimate of the needs of the Department of Public Parks for the year 1908:

Item One: For the rent of Swinney Park	600 00
Item Two: Salary of Park Superintendent	840 00
Item Three: New tools and machines, repairs to old ones, fuel and needed repairs to hot houses, and for the purchase of additional trees and shrubbery	500 00
Item Four: For lawn swings, hand power merry-go-rounds see-saws and like inexpensive pleasure devices for children	250 00
Item Five: For taking 1000 loads of gravel out of Spy Run with which to maintain the walks in our various parks	250 00
Item Six: Park Pay Roll for the year	8,500 00
Item Seven: For the purchase of the proposed park of about 20 acres in Lakeside	5,000 00
Item Eight: For the purpose of enlarging, deepening and puddling the lake at Swinney Park	1,000 00
Item Nine: For the proposed rebuilding of the Potting Houses, providing storage for coal and making some needed alterations and repairs to hot houses	3,500 00
	$20,740 00

EXPLANATORY.

Items One and Two are fixed charge.

Item Three, is mainly a fixed charge that must be met each year. Last year $600.00 was allowed under this head, but the need of additional trees and shrubbery leads the Board to ask a slight increase in this item. Our parks are still deficient in shade, and many more trees and shrubs should be planted at once, that they may the earlier attain the needed growth that will help to supply that deficiency.

Item Four: Our parks are bare of any forms of amusement for children. If we go to Robison Park we find troops of children enjoying the lawn swings, seesaws, and like inexpensive devices provided for their amusement. The small sum asked for will enable the Board to make a much needed commencement in this direction.

Item Five: There is at present in Spy Run a thousand loads of gravel, that will be covered with water and lost to the city, as soon as the dam is constructed across the stream, that is already under contract in connection with the new Electric Light plant. This gravel can be taken out and stored for use in the parks at a cost of $250.00; while to purchase it would cost four times that sum, and the gravel must be had for the maintenance of our walks in all the parks.

Item Six: With the exercise of the greatest economy, the regular semi-monthly pay roll for the proper care of the parks, which includes all watchmen, hot house employes and day workmen, cannot be met for a sum less than that asked for under this item. The appropriations heretofore made for this purpose have been insufficient, and has compelled the Board to ask an additional sum toward the close of the year.

Item Seven: The only park the First Ward can ever have is the proposed one in Lakeside. It is also easily reached from the Eighth Ward over the Walton avenue bridge. At no distant day, another bridge is likely to be built at Harmer street or a little east of that point, that will afford ready access to this park from that section of the city. This park has the advantage of large shade trees and of some seven acres of water for bathing, boating and skating, which can be added to cheaply by another lake just north of Lake Avenue. The two land companies, which have offered this park of some twenty acres to the city for $5,000.00, which is only about one-quarter of its value for platting purposes, will not hold the proposition open beyond the present year, and unless the matter be closed up within that time they will proceed to plat the grounds and sell them for building lots. The bathing, boating and ice privilege at Delta Lake, will readily rent for 5 per cent. on the sum necessary to invest to secure these grounds.

Item Eighth: This appropriation should certainly be included in next year's levy. The amount appropriated last year was insufficient for the deepening of the lake at Reservoir Park, and again putting the grounds in order, and left nothing for that purpose at Swinney park. At present the lake at this park is an eyesore to all visitors and we strongly urge that we be permitted to make it the attraction that it ought to be.

Item Nine: The old potting house at the hot houses is likely to tumble down. A year ago we had plans prepared for rebuilding it; bids were taken, but were too high to be awarded with the means at that time in hand. These plans have been preserved and should be carried out. The improvement would be a permanent one, would afford storage for coal and other conveniences and the work cannot be much longer delayed.

Respectfully submitted,
FERDINAND MEIER,
O. W. TRESSELT,
J. M. SINGMASTER,
DAVID N. FOSTER,
Board of Park Commissioners.

ESTIMATE OF JUDGE OF CITY COURT

Fort Wayne, Ind., Aug. 6, 1907.

To August M. Schmidt, City Controller.

Dear Sir: Complying with the request made in your letter of the 24th ulto., I herewith submit to you estimate of moneys required for the operation of the City Court during the year of 1908.

Salary of Special Judges	$100 00
Incidentals	100 00

The business of the City Court is showing an increase each year requiring more records, blank affidavits and stationery of all kinds, so that the amount asked for is not excessive and I trust will be allowed.

Respectfully submitted,
BENJ. W. SKELTON,
Judge City Court.

The total sum asked for by the various departments amounts to $318,302.66, and does not include any provision for any funds to meet the expense the city will have to bear toward track elevation. The total receipts during the year, available for general purposes, are calculated to be as follows:

Taxes	$242,600 00
Receipts	50,000 00
Total	$292,600 00

It can be readily seen that either the tax levy must be materially raised in order to produce a sufficient revenue to meet the estimates submitted by the various departments or these estimates must be reduced to an amount that can be covered without increasing the tax levy. As I deem it unwise and unnecessary to raise the levy, I herewith submit my revised estimates showing a reduction in the various items and amounts as follows:

"EXHIBIT B."

These revised estimates include the increase in patrolmen's salaries along the lines recommended by the Board of Public Safety in a communication sent to me under date of September 6th.

The margin between the revised estimates and the estimated receipts amount to but $2,213.00, and makes it impossible to grant any additional appropriations during the coming year. A special levy must be made during the next two years to meet that portion of the expense of track elevation that will have to be borne by the city unless the Common Council sees fit to further reduce the revised estimates and thus provide the funds. Though reduced, the estimates provide liberally for each department, in the aggregate far better than ever before, and will give a sufficient amount of money to carry on the business of each department in an efficient, satisfactory manner, if the proper care and economy are practised.

Respectfully submitted,
AUGUST M. SCHMIDT,
Controller.

The motion that the Controller's communication relative to the appropriations for the year 1908 be spread on record was carried by the following vote:

Ayes, 11: viz:—Bayer, Boerger, Cook, Harrison, Kinder, Langard, Rodenbeck, Seidel, Stemen, Welch, Wyss.

Nays, 2, viz:—Johnson, Schwier.

Upon motion the communication was referred to the committee of the whole.

COMMUNICATION FROM THE BOARD OF PUBLIC WORKS.

Fort Wayne, Ind., Sept. 9, 1907.

Mr. A. M. Schmidt, Controller.

Dear Sir: The Board of Public Works requests you to transfer $500.00 from the "Maintenance and Repair of Streets Account" to "Sewer Repair Account."

Owing to copious rains this spring and early part of summer, a great many catch basins became filled up, which of necessity must be cleaned, and the "Sewer Repair" fund being practically exhausted, the Board makes the above request.

By order of the
BOARD OF PUBLIC WORKS,
By H. W. Becker, Clerk.
Spread on record.

COMMUNICATION FROM THE BOARD OF PUBLIC SAFETY.

Fort Wayne, Ind., Sept. 6, 1907.

To the Common Council.

Gentlemen: In reply to the communication sent to us by your Honorable body regarding a raise in the salaries of the patrolmen, we wish to say that our estimates of funds required by this department during the year 1908 were completed and filed with the City Controller on August 16th, 1907, and are therefore out of our hands. We have, however, addressed to him a supplementary communication bearing upon this matter in which we have made certain recommendations, and have requested him to duly consider this matter, and send our supplementary communication to the Mayor and Common Council attached to our original estimates with such recommendations as he may deem proper and fit under the circumstances.

Respectfully submitted,
GEORGE HERRMANN,
JAMES J. HAYES,
CALVIN K. RIEMAN,
Board of Public Safety.

Spread on record.

COMMUNICATION FROM BOARD OF PUBLIC SAFETY.

Fort Wayne, Ind., Sept. 6th, 1907.

Mr. A. M. Schmidt, City Controller:

Dear Sir: We have received a communication from the Common Council requesting that we recommend an increase in the salaries of the Patrolmen over what they are now. Our judgment is that the salaries of the Patrolmen should be graded, and we therefore recommend that all Patrolmen hereafter employed receive a salary at the rate of $60.00 per month during the first year of their service, and a salary at the rate of $65.00 per month during the second year of their service, and having completed two years of service in the Department that they be paid at the rate of $70.00 per month thereafter, or the same salary the Firemen are receiving. We would further recommend that all Patrolmen now regularly employed who have not completed a service of two years in the Department be paid at the rate of $65.00 per month until they have completed a service of two years in the Department, and that thereafter they be paid at the rate of $70.00 per month. We would also recommend that the two Station Clerks, the two Drivers, the Station Master, and the Bailiff of the City Court receive an increase of salary of $5.00 per month over what they are now getting, commencing with January 1st, 1908.

We feel that if the salaries of the Patrolmen be increased beyond what those of the Firemen are that the latter would be justified in expecting an equivalent increase in salary which would greatly raise the large salary expenditures of the Department as constituted at the present time.

We trust that you may see your way clear to arrange to place the Patrolmen on a graded salary similar to that in vogue in the Fire Department, for several years past, which has proven itself to be both efficient and beneficial.

Respectfully,
GEORGE HERMANN,
JAMES J. HAYES,
CALVIN K. RIEMAN,

to suspend, for the same cause, for not to exceed ten days, said license

Sec. 3. All slaughter houses or abattoirs in which slaughtering is done shall have water tight hard wood, asphalt or cement floors; be well lighted; thoroughly ventilated and drained; supplied with abundance of pure water; ceilings, sidewalks, posts, pillars, etc., shall be frequently white-washed or painted, or when this is impracticable they shall when necessary, be washed, scraped or otherwise rendered sanitary. When floors or other parts of the slaughter houses, abattoirs, butcher shops or fish markets, such as tables, racks, trucks, trays, counters, refrigerators, meat blocks, etc., or other parts of the equipment, are so old or in such a condition that they cannot be made readily clean and sanitary, they shall be removed and replaced, or otherwise put in a condition to be approved by the Dairy and Meat Inspector. All equipment shall be kept clean and in a sanitary condition at all times.

Sec. 4. In case any person, firm or corporation owning a slaughter house or abattoir shall desire to use offal for the manufacture of fertilizer, then such slaughter house or abattoir shall be provided with a tanking apparatus for tanking and making such offal into fertilizer, which apparatus shall be in a room used for no other purpose, but said tanking apparatus is not required if all offal is buried, cremated or hauled away for tanking elsewhere Said slaughter houses or abattoirs shall also be provided with ample cold storage facilities, and all carcasses shall, as soon as properly dressed, be placed in cold storage All slaughter houses or abattoirs shall also be provided with proper facilities for rendering lard and tallow, and such facilities shall be in a room devoted exclusively to such purpose, in case such person, firm or corporation, so owning said slaughter house shall desire to render lard and tallow.

Sec. 5. All employees of said slaughter houses, abattoirs, butcher shops and fish markets, shall be clean in person, and all such persons shall wear aprons or smocks made of a material that is readily washed and kept sanitary, and the same shall be cleansed daily if used: and spitting upon the floor or urinating thereon or other befoulment is absolutely forbidden.

Sec. 6. Said slaughter houses, abattoirs, butcher shops and fish markets shall be provided with proper facilities for washing hands and also with proper water closet facilities which shall at all times be kept clean.

Sec. 7. Swine shall not be fed on offal, dead animals or parts thereof at said slaughter houses, abattoirs and butcher shops.

Sec. 8. All carcasses and parts of carcasses intended for human food shall, during transportation from the slaughter houses, abattoirs, wholesale markets or other places, be carefully covered with white canvas or other cloth, so as to exclude all dust, dirt, flies or other insects, and such canvas or cloth covers shall be kept clean by frequent washing. All wagons used in such transporation shall be kept clean and free from paints: all persons engaged in such transportation shall be clean in person, and wear aprons or smocks as provided in Sec. 4 of this ordinance.

Sec. 9. All slaughter houses, butcher shops, meat markets, and fish markets shall from the 1st day of May until the 1st day of November in each year be provided with folding, closing 12x12 feet screenings, to all doors and windows and other outside openings, and such screens shall be close fitting and kept in good repair. Said shops and markets shall at all times be kept clean and free from all foreign or noxious odors, and all meats and flesh intended for human food shall be so kept and handled in such slaughter houses and abattoirs, and butcher shops so as to not allow dust from the streets or other places to settle thereon.

Sec. 10. The city Dairy and Meat Inspector, his assistants, and other officers of the city of Fort Wayne, shall be and are hereby given the power to enter all places licensed under the provisions of this ordinance for the purpose of making the inspections and examinations herein provided for, and provided for by the rules of the Board of Public Health, and shall have the power to do any and all things that may be necessary to carry out the provisions of this ordinance and of said rules, which rules shall have the force and effect of ordinances of the City of Fort Wayne, and all persons desiring to slaughter animals for the purpose of selling the flesh thereof shall, as provided in Sec. 1 of this ordinance, have the same slaughtered at one of the slaughtering houses licensed under the provisions of this ordinance, and such cattle so to be slaughtered shall be left continuously at such slaughter house for eighteen hours previous to the slaughtering of the same for the purpose of inspection by the Dairy and Meat Inspector unless permission in writing be given by the Inspector, to slaughter such animal in a less period of time, and all animals slaughtered at such licensed slaughter houses shall be first inspected by a United States Government Inspector, or the City Dairy and Meat Inspector, in accordance with the rules of the United States Department of Agriculture, and the rules of the Board of Public Health of the City of Fort Wayne.

Sec. 11. It shall be unlawful for any person, firm or corporation to sell or offer for sale, barter or give away, or to have in his or its possession with the intention so to do, any carcass of any animal or any part thereof which is unfit by reason of the impure condition of the same, or is in the opinion of the Dairy and Meat Inspector diseased or unwholesome for human consumption.

Sec. 12. The carcass of any animal offered for sale for human food, within the corporate limits of the City of Fort Wayne, which has been prepared otherwise than according to the regulations herein provided, is hereby declared to be unclean and is condemned hereby as unfit for human food, and any flesh of any animal in the possession of any person for the purpose of selling or offering for sale, which animal has not been slaughtered in accordance with the provisions of this ordinance at one of the licensed slaughter houses, or has not been inspected before such slaughtering, or which has been handled contrary to any of the provisions of this ordinance, and the flesh of any animal which shall have been fed on offal, dead animals or parts thereof, and any flesh of any animal which is, in the opinion of the Dairy and Meat Inspector, unfit by reason of its impurities for human consumption, unwholesome or diseased, is hereby declared to be unclean and is condemned as unfit for human food, and it shall be the duty of the Dairy and Meat Inspector and his assistants, and of the sanitary officers of the city, and the power is hereby given to all of such officers, to summarily drench with kerosene oil any animal carcass or part or parts of such carcass which they may discover within the limits of said City, when to their knowledge the carcass or parts of carcass have not been slaughtered, prepared and handled according to the provisions of this ordinance and such rules of the Board of Public Health.

Power and authority is hereby given to such Dairy and Meat Inspector, Board of Public Health, and such Sanitary Officers to condemn, and take into their possession, all the equipment described in Sec. 3 of this ordinance, when the same is not maintained and kept in the manner in this ordinance provided, and in the manner provided in such rules of the Department of the Board of Public Health.

Sec. 13. Any person, company or corporation failing to compir with, or violating any of the provisions of this ordinance, shall upon conviction be fined in any sum not less than twenty-five, nor more than one hundred dollars.

Sec. 14. Nothing in this ordinance shall prevent the sale of animal carcasses or parts thereof, or meats which have been shipped into the City of Fort Wayne from any other place where the slaughter houses or abattoirs are subject to inspection by the United States Government, and such carcasses, parts thereof or meats have been duly and properly inspected by the Inspectors of the United States Government, and the fact of such inspection stamped upon such carcass, part thereof or meat, and that nothing in this ordinance shall prevent any farmer who is not regularly engaged in the sale of meats from selling in said City any surplus meat, which he may have, over and above his family supply, but all such meats shall be subject to such inspection as to purity and sound condition, provided for in this ordinance and said rules of the Board of Public Health.

Sec. 15. It is hereby made the duty of the Dairy and Meat Inspector of the City of Fort Wayne, and his assistants, to carry out the entire provisions of this ordinance, and the rules of the Board of Health made and adopted hereunder—to make the inspections herein provided for—to condemn the flesh of any animals which have been slaughtered and handled contrary to the provisions hereof, or which have become impure or noxious, and in an unfit condition for human consumption.

Sec. 16. That so much of General Ordinance No. 157, being an ordinance entitled "An ordinance relating to nuisances," approved April 26th, 1900, as is in conflict herewith, and any and all other ordinances in conflict herewith are hereby repealed.

Sec. 17. That this ordinance be in full force and effect from and after its passage and approval by the Mayor and legal publication.

MARION B. JOHNSON.

APPROPRIATION ORDINANCE NO. 339

An Ordinance Approving a Contract Entered into by and Between the City of Fort Wayne and Gustave Hilgemann and Henry Hilgemann for the Erection of an Addition to Engine House No. 3.

Whereas, The City of Fort Wayne by and through its Board of Public Works on the 26th day of August, 1907, entered into a contract with Gustave Hilgemann and Henry Hilgemann, for the erection of an addition to Engine House No. 3 of the Fire Department in the City of Fort Wayne, which contract is in the following words:

This agreement, made and entered into this 26th day of August, 1907 by and between the City of Fort Wayne, by and through its Board of Public Works, hereinafter designated the "owner," and Gustave Hilgemann and Henry Hilgemann, partners, doing business under the firm name of H. Hilgemann & Brother, hereinafter designated the "contractors," witnesseth.

That the Contractors in consideration of the agreements herein made by the owner as follows:

Article 1. The Contractors shall, and hereby agree, to provide all the materials, and perform or cause to be performed all the work and labor for the complete construction of the stone and brick addition to Engine House No. 3, of the Fire Department of the City of Fort Wayne, located on West Washington Boulevard, in the City of Fort Wayne, to the satisfaction of the Board of Public Works of said City, including the cement floor, but excepting the plumbing, wiring and heating plant, the materials to be furnished and the work and labor to be performed to be in complete accordance with the official drawings and specifications prepared by Charles E. Kendrick, architect, on file in the office of said Board, and which for identification have been signed by the parties hereto, which drawings and specifications are hereby referred to as a part of this contract, the same as if fully copied herein.

Article 2. It is understood and agreed by and between the parties hereto that the work included in this contract is to be done under the directions of said architect, and that the decision of said architect and said Board as to the true construction and meanings of the drawings and specifications shall be final. It is also understood and agreed by and between the parties that such additional drawings and explanations as may be necessary to detail and illustrate the work to be done will be furnished by said architect, the same, when approved by said Board, to become a part of this contract so far as they may be consistent with the purpose and intent of the original drawings and specifications, and all such additional drawings and specifications prepared under this provision of this contract to be and remain the property of said architect.

Article 3. No alterations shall be made in the work as shown by said drawings and specifications except upon the written order of the Board of Public Works, and unless the amount to be added to said contract price as hereinafter stated, or deducted therefrom by reason of such alterations is first agreed upon in writing by the parties hereto.

Article 4. The Contractors shall provide sufficient, safe and proper facilities at all times for the inspection of the work by the architect or his authorized representatives; shall within twenty-four hours after receiving written notice from the architect proceed to remove from the grounds or buildings all materials condemned by said architect or said Board, whether worked or unworked, and to take down all portions of the work which the said architect or Board shall by like written notice condemn as unsound or improper, or as in any way failing to conform to the drawings and specifications, and shall make good all work damaged or destroyed thereby.

Article 5. Should the Contractors, at any time refuse or neglect to supply a sufficiency of properly skilled workmen, or of materials of the proper quality, or fail in any respect to prosecute the work with promptness and diligence, or fail in the performance of any of the agreement herein contained, such refusal, neglect or failure shall entitle the owner, after five days' written notice to the Contractor, to provide any such labor or materials, and to deduct the cost thereof from any money then due or thereafter to become due to the Contractor under this contract, and in case such refusal, neglect or failure on the part of such Contractor is willful, or in the opinion of said Board inexcusable, the owner shall be at liberty to terminate this contract, and to enter upon the premises and take possession for the purpose of completing the work herein referred to, of all materials, tools and appliances thereon, and to employ any other person or persons to finish the work, and to provide the materials therefor; and in case of such discontinuance of the employment of the Contractors they shall not be entitled to receive any further payment under this contract until the said work shall be wholly finished, at which time, if the unpaid balance of the amount to be paid under this contract shall exceed the expense incurred by the Owner in finishing the work, such excess shall be paid by the Owner to the Contractor, but if such expense shall exceed such unpaid balance the Contractor shall pay the difference to the Owner. The expense incurred by the owner as herein provided, either for furnishing materials or for finishing the work, and any damage incurred through such default shall be determined by the architect and said Board.

Article 6. The work herein provided for shall be fully completed by the Contractors by the 1st day of January, 1908.

Article 7. Should the Contractors be delayed in the prosecution or completion of the work by the act, neglect or default of the Owner, of the architect or of any other Contractor employed by the Owner upon the work, or by any damage caused by fire, lightning, earthquake, cyclone or other causualty for which the Contractors are not responsible or by strikes or lockouts caused by sets of employes, then the time herein fixed for the completion of the work shall be extended for a period equivalent to the time lost by reason of any or all of the causes aforesaid, which extended period shall be determined and fixed by the architect: but no such allowance shall be made unless a claim therefore is presented in writing, to said Board within forty-eight hours after the occurrence of the cause of such delay.

Article 8. It is further mutually agreed between the parties hereto that no certificate shall be given, or payment made under this contract except the final certificate or final payment shall be conclusive evidence of the performance of this contract, either wholly or in part, and no payment shall be construed to be an acceptance of defective work or improper materials.

Article 9. It is hereby mutually agreed between the parties hereto that the sum to be paid by the Owner to the Contractors for said work and materials complete, shall be Eight thousand six hundred and two dollars, subject to additions and deductions, as hereinbefore provided, and to be paid as follows: The Owner to pay the Contractors every thirty days during said work until completion, 90 per cent of the amount of work and labor performed during the previous 30 days, and 50 per cent of the materials furnished and on the ground during said thirty days, the whole amount of such work and labor and the value of such materials to be shown by the certificate of the architect.

The final payment to be made within sixty-one days after the completion of the work, and all payments shall be made when certificates for the same are issued, such certificates to be issued at payment periods by the architect and to state the amount that is due the Contractors.

If at any time there shall be evidence of any lien or claim for which, if established, the owner of said premises might become liable, and which is chargeable to the Contractor, the Owner shall have the right to retain, out of any payment then, or thereafter to become due, an amount sufficient to completely indemnify it against such lien or claim. Should there prove to be any such claim after all payments are made the Contractors shall refund to the Owner all monies that the latter may be compelled to pay in discharging any lien on said premises for the doing of such work.

Article10. It is agreed by and between the parties hereto that the Contractors will indemnify and save harmless the Owner from the payment of any and all damages that may accrue to any person or property, growing out of or connected with the performance of said contract by the Contractors, and said Contractors shall defend in their name, or in the name of said Owner, any and all actions that may be instituted for the recovery of any such damages, and shall execute to said owner a bond with surety to be approved by said Board in the sum of Five thousand dollars, providing for the faithful performance of this contract by the Contractors and for the payment of any and all such damages.

Article 11. The Owner shall, during the progress of the work, maintain insurance on said work, after the roof is placed on the building, in its own name and in the name of the Contractors, against loss or damage by fire, lightning, earthquakes, cyclones, or other casualty, and policies to cover all work incorporated in the building, and all materials for the same in or about the premises, and shall be made payable to the parties hereto, as their interests may appear.

Witness our hands and seals this 26th day of August, 1907.

DR. WELLS

SPECIALIST IN THE TREATMENT OF CHRONIC DISEASES

CHRONIC DISEASES—My office is especially equipped for diagnosing and treating chronic diseases of every description and I invite those who have been unable to secure satisfactory results elsewhere, as well as those who have not been under the care of a physician, to call and see me. Consultation is free.
WOMEN suffering from maladies peculiar to the sex are assured the best possible treatment by non-surgical methods.
MEN who are in need of reliable advice or treatment for any weakness, private, or blood disease are cured in the shortest time possible. Call or send for book.
RECTAL DISEASES—I use the Improved Brinkerhoff System for this class of diseases with unvarying success, without pain or detention from business. Send for book if you can not call.
SKIN DISEASES—I cure more bad cases of eczema and other skin diseases than all the other physicians in Fort Wayne. I have made a study of skin diseases and am able to cure many cases by the new Light Therapy that have resisted medical treatment for years. Hundreds of Fort Wayne references.
CATARRH, DEAFNESS—My treatment for Catarrh and Deafness is as good as can be secured anywhere in the country. If your case is curable, I can cure you.
EYE DISEASES—I treat all diseases of the eyes and headaches due to eye-strain. The best place to get glasses. Eyes tested free.
ELECTRICITY—I have the largest and most perfectly equipped office in the city, including every electrical device known to be of use in the treatment of disease, and I am thus enabled to cure many diseases without the use of drugs.
HOURS—9 to 12, 2 to 4 and 7 to 8. No Sunday hours except by apt.

THE MARKETS

GRAIN AND PROVISIONS.

Chicago Market.

Chicago, Ill., Sept. 12.—The wheat market opened strong on a good demand from traders and commission houses. December opened ½c higher at 97⅞c, sold off to 97¾@97⅝c and then sold up to 98c. Minneapolis, Duluth and Chicago reported receipts of 443 cars.

Later prices advanced sharply on cold weather reports in western Canada. The close was strong with December wheat up 1¾@1⅞c at 98⅝@98¾c.

The corn market was active and prices were weak, chiefly because of the continued mild weather throughout the corn belt. December opened a shade higher to ¼@⅜c lower at 59¼c to 59½c and sold at 58½c. Local receipts were 446 cars.

The close was firm with December corn ½c higher at 59⅛@59⅜c.

Oats was easy. December was ⅛c lower at 52¼c and sold at 52⅛c.

Provision market was steady. January pork opened 2½c higher at $15.80. January lard was 2½c higher at $8.50. Ribs were a shade higher at $8.15.

STOCKS AND BONDS.

The Day on Wall Street.

New York, Sept. 12.—Primary prices of stocks showed vigorous advances over last night with an active demand. There were rising sales of 3,500 shares of Union Pacific at 131⅝ and 131¾ compared with 130¾ last night, and of 4,000 shares of Amalgamated Copper at 65¾ and 65, compared with 64½ last night. Northern Pacific rose 2, Reading 1⅜, Great Northern preferred and American Smelting 1¼ and St. Paul, Southern Pacific, Colorado & Southern, Great Northern Ore Certificates, Brooklyn Transit and Anaconda a point.
Extensive profit taking speedily obliterated the advances in the metal stocks, and materially reduced those in the railroads. An interval of dullness and rising prices followed and the market reached the highest again. Renewed pressure against Amalgamated Copper, which drove it down to 64¼ had only a temporary effect on the general market.
Amalgamated Copper made a downward plunge of 2⅛ to 62¼. American Smelting 1⅝ and Anaconda 1½. The reaction in the general market in sympathy did not entirely wipe out previous gains and prices rose again when Amalgamated Copper rallied 1⅝. The trading became very dull at the rally. Bonds were irregular.
Another collapse in the metal group affected American Smelting principally, that stock going down 3½ to 92. Amalgamated Copper receded to a new low level at 61⅝ and the railroad list began to show less stability. Reading gave way to 85⅛, following news of disturbances on the Philadelphia stock exchange. United States Steel broke 1, Minneapolis & St. Louis 1½ and St. Paul 1⅝. Louisville & Nashville advanced 1¾.
Huge blocks of United States Steel were thrown on the market and it broke to 30. The preferred was dragged down 1⅝. Amalgamated Copper and American Smelting sold lower than before. The effect on the general list was more moderate. American Smelting had lost 4¼ up to 2 o'clock. Amalgamated Copper 3½, United States Rubber first preferred 3, Anaconda 2⅜, Erie first preferred 1⅝, National Enameling and American Car preferred 2.
The market closed dull and feverish. When intimations got abroad that a shut down of the Montana Copper company was in contemplation, prices broke badly all through the list. Reading was the weakest of the railroad stocks which was attributed ti its speculative affiliation in Philadelphia. American Smelting lost 5¼, Amalgamated Copper 4⅛ and Reading 4¼ to 91¼. Other noteworthy declines were St. Louis Southwestern preferred 4, Delaware & Hudson 3, St. Paul Metropolitan Street Railway and United States Steel preferred 2½, Union Pacific and United States Steel 2 and numerous others a point or more. The rally when shorts covered reached a point in a few stocks.

SHOP AND RAIL

Day's Happenings in the Industrial World

GOULD BEATS RAMSEY.

Starts Trains Running On the Lorain Line Today.

By taking over the Lorain and West Virginia railroad for operation today George J. Gould wins another point in his fight against Joseph Ramsey, jr. Although the former Wabash president had his new line from Wellington to Lorain half completed before the Wabash began construction work on the railroad through practically the same territory, and succeeded in blocking the Wabash at different places, the Gould line is now in operation, while no trains have yet passed over the Ramsey road.

The fight, however, has not ended, as both roads now seek terminal sites at Lorain and there is a possibility of both lines being extended south of Wellington toward the Ohio river. Mr. Ramsey has secured practically all of the right of way necessary to build his southern extension and construction work will probably be started this fall. The charter of the Lorain and West Virginia, the Gould line, also calls for an extension south of Wellington through practically the same territory traversed by the Ramsey road, but definite action toward the extension of this road has not been taken.

The Gould interests had plans prepared for an entrance to Lorain some years ago, when Mr. Ramsey was president of that company. Shortly after Mr. Ramsey severed his connection with the Wabash he announced plans for a new road to Lorain from Wellington and it was generally believed then that he would block the Wabash in its effort to reach that city. A syndicate was formed by Ohio capitalists and a road built, paralleling the Ramsey road. Mr. Ramsey not only succeeded in blocking the main line work of the Wabash, but managed for a time to prevent the Wabash from making a switching arrangement with the terminal company at that place.

Rails were laid on the Ramsey line some time ago, but so far no trains have been operated. The Gould interests began operations into Lorain this morning, giving another direct line between Pittsburg and Lorain.

FROM SHOP TO PULPIT.

A. W. Irelan Accepts a Pastorate in Michigan.

A. W. Irelan has resigned his position with the Pennsylvania and with his family will leave early next week for Sault Ste. Marie, Mich., where he will take the pastorate of a Free Methodist church. Since his conversion at the Calvary U. B. church, January, 1894, Mr. Irelan has taken a great interest in religious and temperance work and has been called upon to fill the pulpits of churches in this and adjoining counties on many occasions when the regular pastor was absent. He was also affiliated with temperance movements and was a candidate on the temperance ticket at the late county election. Mr. Irelan's shop career dates from September, 1895, when he took a position in the lumber yards. A month later he was transferred to the car building department, where he remained since with the exception of six months in 1896, when with others he was laid off because of dull times. During his service he was faithful in the performance of the duties assigned him and is considered a most valuable employe. Mr. Irelan is a comparatively young man, being thirty-three years old last July. He was born in Mercer county, Ohio, and came to Indiana with his widowed mother when he was only nine years old.

ALBERT W. IRELAN,

Who Resigned Position at the Shops for the Ministry.

WANTS A REWARD.

Hobo Who Prevented Wreck on Wabash Makes a Demand.

Charles Bishop, the man who prevented a serious wreck for the Wabash railroad this spring, was in Huntington yesterday to see Z. T. Dungan in regard to the matter, says the Warsaw Daily Union.

One afternoon last May, Bishop was walking down the track in the vicinity of Mardenis when he found a broken rail in the track. Not everyone would have noticed the break as it was near the switch and there are few people who are not acquainted with a track of that character that would know anything was out of place. Mr. Bishop was an old railroad man and he saw the break at once and knew the result if a train was allowed to pass over it.

He informed the operator at the nearby tower, who sent word for the section crew. The section men came at once and fixed the rail in such a manner to permit the trains to pass.

While Bishop did not make any demands upon the company for the services he rendered them he expected some remuneration as they told him to wait until he heard from them. Accordingly he stayed at Huntington a long time but no word came, and he at last was compelled to leave as he did not have money to support himself while doing nothing.

Having been away all summer he came to the conclusion that it was time that he received some consideration at the hands of the company and he returned to Huntington to see the claim agent to see if there "wasn't something doin'."

He said that if unable to get some encouragement from Mr. Dungan that he would go to the head offices of the company and explain his case. He is armed with clippings from the papers giving the details of the affair and he will submit them to the officials for inspection.

PENNSYLVANIA SURGEONS MEET

Annual Affair Began in Pittsburg This Morning.

The twenty-sixth annual convention of Pennsylvania railway surgeons is being held in Pittsburg today, the sessions being held in the Union depot. Dr. R. J. Morgan, of Van Wert, is the president; Dr. S. L. McCurdy, of Pittsburg, the secretary and treasurer, and Drs. R. J. Morgan, of Van Wert; N. P. Howard, of Greenfield; S. M. Strohecker, of Chicago; N. B. Aspinwall, of Plymouth; A. I. Bouffleur, of Chicago, and E. C. Carr, of Coshocton, compose the executive committee. After the business meeting this afternoon the delegates will be the guests of the Carnegie institute for awhile. This morning Dr. S. C. Plummer, of Chicago, chief surgeon of the Rock Island road, delivered an address and this afternoon papers were read by Dr. George W. Ryall, of Wooster, O., and Dr. A. I. Bouffleur, of Chicago. Dr. G. W. Thompson, of Winamac, Ind., spoke on "Anesthetics," Dr. B. W. S. Wiseman, of Culver, Ind., on "The Fraternal Spirit," and Dr. McCurdy on "X-Ray Interpretation of Fractures."

FACTORY FOR PEARL STREET.

Next Monday a factory for the manufacture of the inventions of F. G. Gaunt will be opened in a leased building on Pearl street and in the start about twelve men will be given employment. The products will include mortar mixers, cement and concrete machinery, shipping tag hooks and shirt gauges, devices brought out by Mr. Gaunt. Attention will also be given to repair work on these articles. H. O. Boosman, of Decatur, will have charge of the works and Mr. Gaunt will continue his real estate agency.

PAY DAYS NEXT WEEK.

To the employe who is short on cash and wishes money to defray expenses at the fair next week, the announcement that the Pennsylvania pay car will arrive here Thursday and the G. R. & I. car on Friday will be welcomed. For some reason, both are a day late this month but they will get here in time to meet the wants of the men who will attend the fair on the big day.

RETURNS TO NICKEL PLATE.

One of the new brakemen on the Nickel Plate is Charles Blackburn, who resigned a similar position fourteen years ago to go on the G. R. & I. road. Thence he went west and south and has worked on a number of roads since. He proposes to remain with the Nickel Plate now.

ANOTHER WEEK-END EXCURSION

The Nickel Plate announces another cheap excursion to Chicago on October 19, making tickets good returning on Tuesday, October 22. This means another excursion on the Pennsylvania also on that date.

INDUSTRIAL NOTES.

L. Lang has taken employment at the Pennsylvania roundhouse.

Pennsylvania Shopman J. Kamp is off duty on account of sickness.

Yard Conductor Thomas Moore, of the Wabash, is sick and off duty.

C. E. Wells, Wabash trainmaster, was in the city awhile this morning.

Nickel Plate Conductor George B. McCormick is off duty on account of sickness.

Pipefitter F. J. Ruch, of the Pennsylvania, was detained at home today by the illness of his wife.

Nickel Plate Fireman E. N. Doty is in Dawkins visiting his parents during the dull season on the road.

Engineer W. A. Loos and Fireman A. W. Meyer, of the Pennsylvania, are taking a two weeks vacation.

O. S. Zellers, a recent arrival from Kendallville, has taken employment at the Pennsylvania boiler shops.

Nickel Plate Brakeman T. J. Watt has left the city on a vacation trip that will consume a part a week.

C. F. Miller and H. C. Sweares, machinists' helpers, resigned positions at the Wabash shops this morning.

Mrs. T. J. Leeper, wife of the Nickel Plate fireman, went to Knox today to spend a few days with her relatives.

E. J. Dierkes, a machinist, who began work at the Wabash shops a short time ago, resigned this morning.

Charles Volz, who was injured several days ago, resumed work at the Pennsylvania planing mills this morning.

After a few days absence on account of illness Boilermaker W. Barman resumed work at the Pennsylvania shops today.

G. H. Wagner, a son of Pennsylvania Engineer H. E. Wagner, has taken a position as fireman on the G. R. & I. road.

W. Keely, who was formerly employed at the Bowser works, has taken a position in the Pennsylvania boiler shop.

Henry Kammeyer, of the Nickel Plate roundhouse, has been off duty for a day or two on account of sickness.

B. F. Sarver, foreman of the Pennsylvania boiler shop, has left the city on a business trip in the interest of the company.

Fireman M. P. Gaskill, of the G. R. & I., has taken a two weeks leave of absence, which he will spend on his father's farm.

After a visit with his folks at Payne, Ohio, Brakeman E. J. Grummond has returned to his duties on the Nickel Plate.

Engineer W. Dexter and Firemen R. W. Revert, E. L. Wertman and O. P. Carpenter, of the Pennsylvania, are sick and off duty.

Harry P. Ford, of Detroit, who represents a steam gauge manufacturer, was a caller upon local Pennsylvania shop officials yesterday.

C. N. Esterline, L. W. Brewster and E. C. Murray, new firemen on the Pennsylvania, are out on their first trips over the line.

J. H. Cullom, of the Pennsylvania air brake room, has gone to the country near Convoy to spend a few days with his father on the farm.

L. I. Foley, Pennsylvania fireman, is taking a lay off pending repairs to a wrist, which was sprained while out on the road a day or two ago.

B. J. Kramer, of the Pennsylvania planing mills, has gone to Chicago for a visit with friends. J. J. Davis, a car repairman for the same company, has gone to Plymouth to visit relatives a few days.

A visitor at the Pennsylvania and Wabash shops yesterday and the preceding day was W. Westall, assistant general foreman of the New York Central shops at Collinwood, Ohio. He took notes of the method of doing car work at the shops here.

Frank Thompson and J. H. Bryant, Pennsylvania machinists, brought home a string of forty-four catfish, caught at Rome City during the two days they were at that resort. Each fish was of unusual size and the lot weighed upwards of twenty-five pounds.

After an absence of a few days on account of sickness John Smith is at his clerical duties at the Wabash freight office again.

Arthur Juergens, a stationary fireman, has taken a position at the Wabash shops. There is still another position of that kind open at those shops.

There is a heavy movement of cattle over the Wabash at present. So far this week there have been two or three trainloads of live stock eastbound daily.

Mrs. Sanburn and Mrs. N. L. Chapman, wife and mother-in-law respectively of Nickel Plate Fireman John Sanburn, went to Chicago today to do some shopping.

Brakeman C. W. Lathrop, who quit the Nickel Plate last winter and took a position on the Grand Trunk, resigned the latter this week and returned to the Nickel Plate.

Engineers Michael McCarthy, Ed Wolf, M. W. O'Brien and Joseph Harber have returned to their duties on the Nickel Plate. With their families they were at Crooked lake ten days.

J. S. Habacker, the Nickel Plate brakeman who has just returned from a vacation trip, has been transferred from a through freight run to one of the preferred runs and made his first trip out in that capacity last night.

Next Tuesday R. Burheun, of the Wabash blacksmith shop, will go to Chicago for a visit with friends. He will be accompanied by Mrs. Burheun and they will remain there about a week.

E. C. Bangert, Leo Seitz, H. J. Schmidt, A. Mowrey and E. Frame are new employes at the Fort Wayne Electric works. Mr. Bangert is a patternmaker and he was employed at the works once before.

Engineer W. F. Jungles, of the Pennsylvania, has returned from a western trip which extended over a period of two months. He visited points of interest in California, Oregon, Colorado and New Mexico and spent a few days in Yellowstone Park. Mr. Jungles will resume his duties on the road at once.

A fire which mysteriously broke out in the pile of coal at the Nickel Plate docks caused some excitement among the yard men yesterday. The clamshell hoist and some fire hose were brought into requisition and the fire was subdued before any damage resulted. It seems to have been of spontaneous combustion origin.

$5,000 Reward

Will be paid to any person who can find one atom of opium, chloral, morphine, cocaine, ether, chloroform, heroin, alpha and beta eucaine, cannabis indica, or chloral hydrate or any of their derivatives, in any of Dr. Miles' Remedies. This applies to goods in original packages, unopened, and not tampered with. Certain unscrupulous persons are making false statements about these remedies.

"I have been troubled with a terrible headache for the last ten years; the doctors could do me no good. I saw Dr. Miles' Anti-Pain Pills advertised in the Sunday magazine, so I thought I would try a sample. I did so, and they helped me wonderfully. I had headache so badly I could hardly see to work, so I went to the drug store and got a box. In a couple of hours I was all right, it was the first medicine to do me any good."

A. A. HUFF, Philadelphia, Pa.
5302 Tacoma Street.

Dr. Miles' Anti-Pain Pills are sold by your druggist, who will guarantee that the first package will benefit. If it fails, he will return your money. 25 doses, 25 cents. Never sold in bulk.

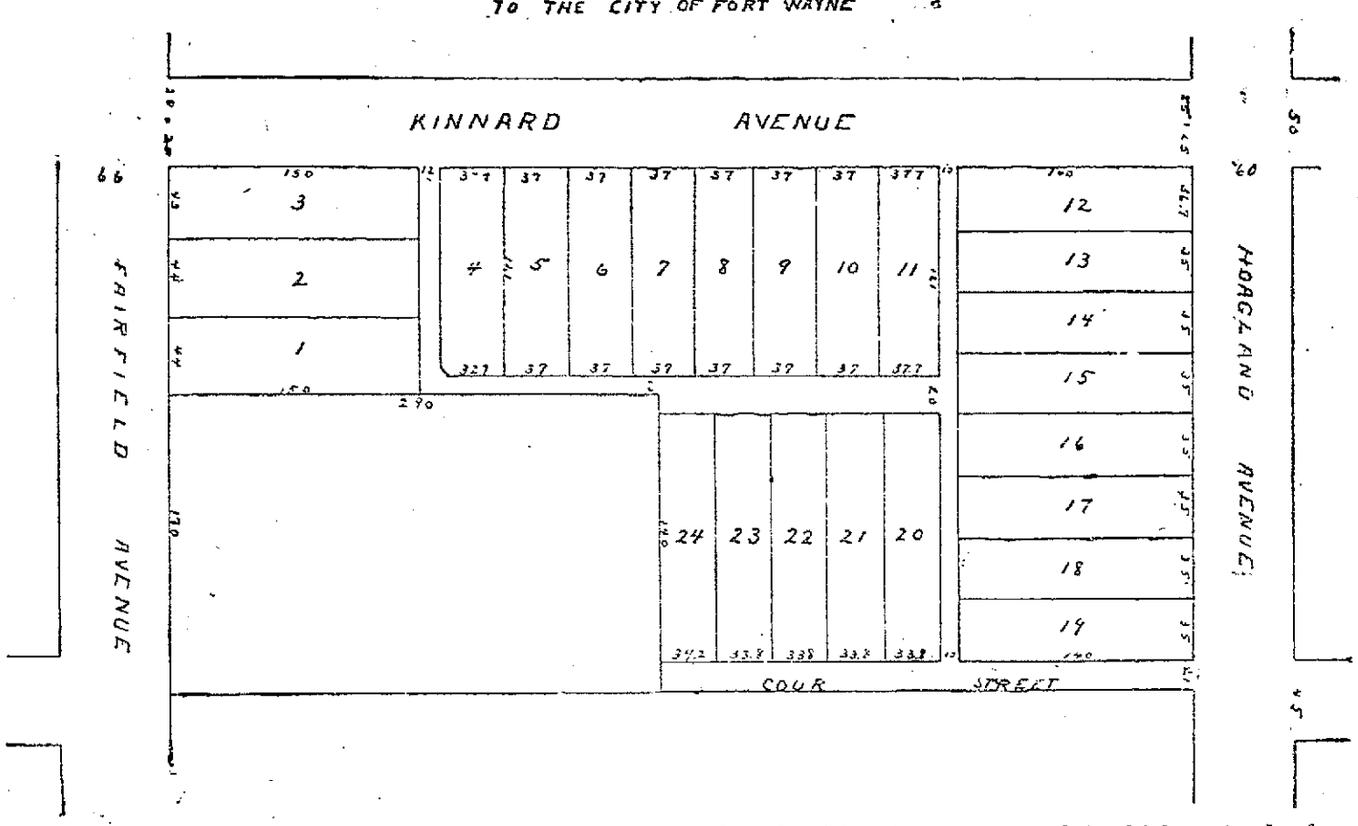
OPENING SALE - Haller's Addition

From Saturday Morning to Monday Night Only



Next Saturday morning at 9 o'clock we will open the sale of lots in the above plat which extends from Fairfield avenue to Hoagland, and from Kinniard avenue to Cour, and is just one block south of the new Lutheran hospital.

All sewers are now complete and a new cement walk has been laid in front of the lots and the plat is surrounded by hundreds of fine South Wayne residences, a large number of which are in process of construction.

From Saturday morning until Monday night these lots will be sold at the following prices, $350 on Cour St., $450 on Kinniard Ave., and $500 on Hoagland Ave. The Fairfield Ave. lots which have a pavement in front of them bringing a higher price.

TERMS OF SALE: We will sell these lots for $10.00 in cash and $5.00 per month with interest at 6 per cent on deferred payments, and give a discount of 5 per cent for cash in 30 days.

Every lot not sold by Monday night will be advanced $50.00 in price. Our men will be on the ground every day from now on to show you the lots.

Paint

AS AN

Investment

Did you ever stop to think of it in this light. If you will paint your buildings with a good paint like, say SHERWIN-WILLIAMS ready mixed Paint, it will pay you a dividend of more than 6 per cent on your money invested, in the way of protection to the buildings from the heavy rains, snows and frosts of winter, and the hot bleaching sun of summer, not considering the cleanliness and beauty it adds to your home. Come and see us about it.
